Mr. Kamyk:

I rise to talk about bill 1385.

When I originally introduced the bill, I thought I was helping the people of the 31st Ward because this bill would create better community relationship

between the City of Pittsburgh and the area surrounding the 31st Ward, like West Homestead. Now, West Homestead has stated in a letter that they would use this gully land, but, to put that land in shape will take quite a bit of work and provide an expansion to the playground adjoining the playground of their own.

The playground will include a tennis court and a volley ball court. In the future there may be a construction of a fire house which would also serve West Homestead and the 31st Ward. So, it was in my judgment, to the benefit of the people in the 31st Ward and for the future and eventually, maybe the better cooperation would bring about finally, the sanitation sewers.

But, however, the protestors are from the 31st Ward and they are the people whom I have tried to help and I think they should have their chance to air their protests at a public hearing.

So, I move that bill 1385 be recommended to Committee on Lands and Buildings for the purpose of a public hearing.

Which motion prevailed.

Also,

Bill No. 1386. Resolution authorizing the sale of property in the 32nd Ward, Pittsburgh, being a vacant lot at the rr Home (Homehurst Avenue), to Francis J. Retzloff, Jennie Retzloff and Nancy Retzloff, for the sum of \$1,200.00.

Which was read.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

Ayes:—

And a majority of the votes of Council being in the affirmative, the bill passed finally

MOTIONS AND RESOLUTIONS

The Chair:

On Motions and Resolutions, I recognize Mr. Michaels.

Mr. Michaels:

I propose that we call the Mayor to the committee meeting of Wednesday, January 24, 1973 because it is a known fact that mass transportation is needed and important to the progress of the City of Pittsburgh. The Port Authority is the legal body responsible for providing this mass transportation. Plans evolved by Port Authority in their Early Action Program, consisting of Skybus and two PATways, was approved in principle by resolution of City Council. On the other hand, the Mayor has chosen to institute legal action to stop the project.

By results of the court case and the decision handed down on January 19th, the Mayor was denied the right to stop the project. It would appear now, the Port Authority will proceed with the Early Action Program as was their earlier intention. It is also apparent that if we are to have the maximum advantage of this system for the residents of our City at the earliest possible time, there must be a liaison established between the City of Pittsburgh and the Port Authority. To do otherwise will only cause delay and inconvenience and additional cost to our residents.

I therefore move we request the presence of the Mayor before City Council's Committee Meeting on Wednesday, January 24, 1973.

The Chair:

Mayor Flaherty will be notified.

Miss Ballinger:

Statistics may show a drop in

the rate of Pittsburgh crime, but let's not close our eyes to a lot of other social problems spreading out of Pittsburgh neighborhoods like cancer, narcotics, juvenile delinquency, blight in the neighborhoods to mention a few. Let's not kid ourselves into thinking we're saving one little penny by ignoring these problems. Public safety cutbacks are false economy . . . and it's going to prove mighty expensive one of these days. Until a revised City Charter or Home Rule gives City Council more power, we have to put up with the tantrums of our Municipal Monarch.

And he is forming strange alliances with political opportunists from satellite suburbs in an effort to block Skybus . . . while members of City Council feel rapid transit action is critically needed for the welfare of the City. Mayor Flaherty has become such an obstructionist that he fails to come into City Council to tell us what the obstruction is and is fostering community blight. He just doesn't know how and therefore doesn't want to join the team. Maybe thru cooperation we can get things started again and bring our Pittsburgh Renaissance back to life and our City, too. I agree with Councilman Michaels' remarks and the sooner we hear what plans the Mayor has for Skybus, East Street and the

many other problems facing the taxpayers, the better the City will be.

Mr. DePasquale:

I would like to concur on the remarks made by Mr. Michaels and Miss Ballinger.

Miss Ballinger:

I would like to have the presence of Mr. Paul Evers, Dept. of Lands and Buildings and Director Robert Paternoster at the Committee Meeting Wednesday, January 24, relative to the Ordinance for the vacation of Pennant Place.

Mr. Caliguiri moved that Mr. Fagan and Mr. Lynch be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved that the minutes of Council, of Monday, January 15, 1973 be approved.

Which motion prevailed.

And on motion of Miss Ballinger, Council Adjourned.

MOTIONS AND RESOLUTIONS

Mr. Michaels:

Mr. President, with respect to the Pittsburgh Charter Study Commission, it would appear that the Commission will be evaluating certain aspects of City government, obviously dealing with City Council as well as some of the other governmental structures. I just wonder whether or not City Council, itself, is going to give consideration to its particular structure and whether we will do this through committee methods or will it be left to individual initiative of each Councilman to make his own observation, or just how would you suggest we handle this? I am not asking

for an immediate opinion from the Chair; merely presenting the problem for consideration.

Mr. Lynch:

I don't understand the question.

Mr. Michaels:

Mr. Lynch, I think you are aware there is a study commission dealing with City government—that is, the Home Rule Study Commission. That study will deal with the structure of City Council, its make-up, the laws that will affect its operation. I just wonder whether or not City Council ought to consider whether it, itself, knowing the problem better than anybody else, how it operates, has recommendations to make to the Commission and would want to do that as a body or whether we, as individuals, should make our own observations and make individual testimony. It does not deny anyone the right to make testimony to the Commission but I think, as a group, we may well want to meet on this, evaluate what is happening and has happened in my years in Council and your years in Council, take that observation and share this with each other.

Mr. Mason:

Do you know, Mr. Michaels—and I think your suggestion is a good one—but do you know what their format of approach is?

Mr. Michaels:

I do not.

Mr. Lynch:

I have no comment to make except I stand ready to answer any questions the Home Rule Commission might want to ask. I think they are charged with the responsibility of making that investigation. I don't think this is a responsibility of Council either collectively or individually. I stand ready to answer any questions the Home Rule Committee might ask me individually and I don't see the need for a collective response.

The Chair:

The comments are on the record.

Mr. DePasquale moved

That Mr. Fagan be excused for
absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the minutes of Monday,
January 22, 1973, be approved.

Which motion prevailed.

Council to fill the vacancy created by the resignation of Councilman Thomas L. Fagan.

Which was read.

The floor is now open for nominations.

Mr. DePasquale:

Mr. President, I would like to place in nomination the name of Robert Stone.

Mr. Shields:

I second the nomination.

Mr. Mason

Are there are other nominations?

Mayor Flaherty:

Mr. President and members of Council, I would like to place in nomination Rosemary D'Ascenzo.

Mr. Mason:

Is there a second to that nomination?

Not hearing a second, the nomination is not to be recognized.

Mayor Flaherty:

Mr. President, point of order. The nomination of Rose D'Ascenzo does not need a second and the nomination, under the City Charter, has been properly made. She is properly qualified and

an eminent educator in this City and a resident of this City all her life. I believe that nomination is a proper nomination and should be recorded as such.

Mr. Mason:

In light of your comments, Mr. Flaherty, the Chair will take them under advisement and consideration, and place in nomination the names of two nominees, Mr. Stone and Miss D'Ascenzo.

Mr. Mason

On the basis of the vote, Mr. Robert Stone is hereby elected to replace Mr. Fagan to fill the vacancy made by the resignation of one of our members.

Mayor Flaherty:

The only thing that I would

suggest, there are certain qualifications in the Charter Act. It seems to me all of those should be properly set forth on the record. The vote has been taken and there is no question about that but I think somewhere along the line, the qualifications set forth in the Charter Act for the winning nominee should be set forth on the record. There are certain residency qualifications and other qualifications that are important to set forth on the record.

Mr. DePasquale:

He must reside in the City.

Mr. Mason:

Yes, reside in the City and be 21 years of age.

Mr. DePasquale:

I think it has been something like 40 years for the gentleman.

Mr. Lynch:

Do you have any question of his qualification?

Mayor Flaherty:

I think the Act requires these qualifications and someone should state the residency qualifications. Where does he live; how long has he lived there?

Mr. Lynch:

If you have any questions on his qualifications, bring them up.

Mayor Flaherty:

I would like to hear his residency qualifications, yes.

Mr. Lynch:

Mr. Stone's brother is here and informs me he has lived on Sarah Street all of his life which meets the qualifications. Are there any other questions, Mr. Flaherty?

Mr. Mason:

Mr. DiNardo, would you read this letter?

Mr. DiNardo:

"Mr. Louis Mason, President
City Council
Fifth Floor
City-County Building
Pittsburgh, Pennsylvania 15219

"Dear Councilman Mason:

"Permit me to write to you to solicit your vote for my candidacy to fill the prospective vacancy on City Council of the City of Pittsburgh to be created by the resignation of the Honorable Councilman Thomas Fagan.

"The resignation of Councilman Fagan will leave the entire 'South of the Monongahela River' without representation, although it represents nearly one-third of the population of the City of Pittsburgh.

"I feel that as a lifetime resident of the Southside, and being involved, I am familiar with the needs and the problems in that area, and my personal qualifications and experience would provide a capable and good representative on Council for the City, as well as, the area, 'South of the Monongahela River.'

"Enclosed herewith please find a resume containing pertinent information about me and my qualifications.

"In short, permit me to point out and to emphasize that I have been a practicing lawyer for sixteen (16) years; . . . a former Assistant District Attorney for seven (7) years; . . . a lifetime resident of the South Side of the City of Pittsburgh; . . . a National leader—in Fraternal, Ethnic, and Orthodox Religious Circles; . . . an active participant in Democratic Po-

litical Campaigns; . . . and have been involved in youth, sports, civic, veteran, and labor promotion and representation.

"In conclusion, your vote and your support will be greatly appreciated."

Mr. DePasquale:

There is further data here.

Mr. Mason:

Yes, if you would want to read a two-page resume.

Mr. Lynch:

There is no need to read it.

Mr. Mason:

We all examined it, I thought.

Mr. Michaels:

I would suggest you state the time and date for the swearing-in for those who would like to attend.

Mr. Mason:

The swearing-in will be on Monday at the Legislative session of Council. Council will convene, call the meeting to order, and then the swearing-in process will be considered.

Municipal Record

ONE HUNDRED SEVENTEENTH COUNCIL

LOUIS MASON, Jr.President

LOUIS C. DINARDO..... City Clerk

MICHAEL A. PERRY....Ass't. City Clerk

Pittsburgh, Pa.,

Monday, February 5, 1973

The Chair:

The meeting is called to order and we will not have the roll call until later on.

The first order of business is the Pledge of Allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The first order of business is the swearing in of the successful candidate elected by his colleagues to succeed the recent vacancy created by the resignation of one of our members.

The Invocation will be said by the Very Reverend Milan Savich.

Father Savich:

In the name of the Father, and of the Son, and the Holy Spirit. Amen.

We thank you, O God, the Giver of all mortal beings, for all thy gifts that thou has bestowed upon us. We are grateful Heavenly Father, for this day, an opportunity to be participants of this swearing in ceremony. We pray thee to look graciously, O Holy Master, upon this assembly and bless the souls, especially we pray, for the members of our City Council. Set down in their hearts and minds the spirit of wisdom, understanding and love so that they may successfully accomplish their noble task of rendition of good government for our community and our country.

Give us the will this day and in the days to come, to think not of what we can get, but of what we can give. May we grow to believe that every right implies a responsibility, every opportunity an obligation and every possession, a duty.

May the blessing of the Lord be upon you always, now and forevermore. Amen. In the name of the Father, of the Son and the Holy Spirit. Amen.

I would like to identify myself. I am Father Milan Savich, serving the Holy Trinity Serbian Orthodox Church of Pittsburgh, Pennsylvania, of which Mr. Stone was sworn today, was the president and instrumental in the building of the church and our people. And in gratitude for this, our congregation has elected him an honorary president for a lifetime.

Thank you very much.

The Chair:

Mr. Shields and Mr. Caliguiri, will you kindly escort the newly elected candidate to the podium?

The Oath of Office will be rendered by the Honorable Michael M. O'Malley, Judge of the Court of Common Pleas.

Oath of Office by Judge O'Malley of the Court of Common Pleas of the Commonwealth of Pennsylvania to Councilman Robert Rade Stone.

The new candidate has a few words he would like to say.

Mr. Stone:

The Honorable Mayor Flaherty, President of Council, Louis Mason, Members of the Council, Governmental Officials in attendance, other Distinguished Guests, Ladies and Gentlemen:

Permit me to, at the outset if I may, to introduce my family. I would like to introduce my lovely wife, Sally; my lovely mother; she is my best friend in the world. My mother-in-law, Mrs. Dorothy Kukich; my brother and his family, Nicholas Rade Stone; my brother, Peter Rade Stone; my sister, Martha Stanish and family.

At this time, I would just like to make a few remarks. As the outset, I would like first of all to commend my predecessor, former Councilman Thomas Fagan, for his years of service to this Council and to this City. I would like to commend members of City Council who engaged in serious, long and fair deliberation in making their choice. It was not an easy task for them, especially since they were reviewing the applications of twenty-one (21) good and worthy applicants. Needless to say that they chose me as a worthy individual among those twenty-one (21) worthy individuals, I am indeed elated.

I say to all of you at this time that I accept with pride and honor, the rights, duties and the responsibilities of public service on this Council for the betterment of this City and the people who live within it.

I have been asked a question which I consider of prime importance today, and I wish to respond to this question and that is cooperation. I think we need cooperation among our business world, labor and government, and I say on all levels of government, and I might also

include, regardless of political affiliation. The complexities, the demands and the economic structures today make cooperation a must, a necessity, not a luxury. I shall endeavor in my deliberations to be positive in my thoughts, in my actions and in my vote on City Council. I believe in progress. I believe that this City needs progress and I believe that the people of this City want progress.

I am mindful that I am the only City Councilman who lives south of the Monongahela and Ohio Rivers. This area comprises one-third of the population of the City of Pittsburgh. I shall endeavor to work with all organizations and all civic groups in that area so that they can have, through me, a voice on this Council. When we consider that they comprise one-third of the population of this City, and when we consider the great loss that the area has suffered as the result of the loss of employment through the great lay-off at J & L and the closing of the Duquesne Brewery on the South Side, they certainly need a voice. I wish likewise to say that that voice, however, shall not be a selfish one restricted to the interest of those living south of the river. But rather, that voice will be exercised to the benefit not only of the south, but of the east, the west and the north. In short, to the benefit and the common purpose of the entire city of Pittsburgh.

I shall attempt to work closely with everyone and anyone with the common good of this City and its people in mind. I shall not make a great deal of promises at this time for I think the citizenry has probably had their fill of that. But I shall, however, make one promise. And that is that I shall use all of my talents, all of my abilities and my time toward doing the very best that I possibly can for this City to see that it prospers, to see that it progresses and to see that it continues to be a better place in which to live and a better place in which to work.

In conclusion, my personal thanks to all of you; governmental officials, labor leaders, fraternalists, political leaders and all others who have attended here today and who have honored me with your presence.

I thank you.

The Chair:

Will Mr. Shields and Mr. Caliguiri kindly escort the newly elected City Councilman to his desk.

There are a number of highly placed officials in this audience and at the risk of not missing some and hurting somebody's feelings, I wish they would just stand and be recognized. I see Judge McCarthy, Judge Brosky and others. Will all of the elected officials kindly stand for one moment and acknowledge your presence here.

Thank you all for attending.

We will just hold for one minute and have an official roll call and immediately thereafter we will enter into recess in order that Mr. Stone can greet his friends. And will you, Mr. Stone, after the roll call, kindly come up here with your family and let those who want to congratulate you individually, come up that side of the Council Chambers and move out that side and exit as rapidly as possible because this is a legislative meeting and we do have other business beside the election of Mr. Stone.

We will recess for fifteen (15) minutes to allow Mr. Stone to greet his friends.

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 1574. Report of the Committee on Finance for February 7, 1973, submitting sundry ordinances to Council.

Which were read, received and filed.

Mr. Lynch:

Mr. President, I would like to call back the bill on the Home Rule Study Commission to recommit to Committee, that is, Bill No. 1529.

On Bill No. 1387, we have had a dispute with the City Solicitor concerning the appointment of bond counsel and we specifically did not authorize the City Solicitor to employ any bond counsel. Now, I notice in this official notice of the sale of bonds, which came to my desk this morning, the last paragraph says:

"The successful bidder shall be furnished with the opinion of Ralph Lynch, Jr, the Solicitor of the City of Pittsburgh and, at the cost of the purchaser, the opinion of Messrs. Litman, Harris and Specter, P.A., Attorneys of Pittsburgh, that the bonds are direct and general obligations of the City of Pittsburgh, payable both as to principal and interest from ad valorem

taxes without limitation as to rate or amount on all real property legally taxable therein, and for the payment of which the City has pledged its full faith, credit and taxing power. In the opinion of the interest on these bonds is free under present laws and decisions from present federal income tax."

The point is, Council has explicitly expressed an opinion as to bond counsel and I suddenly find an official document as to the sale of bonds, with advertisement for a separate legal firm. The City of Pittsburgh is, in effect, sponsoring legal opinion for sale by Litman, Harris and Spectre.

My question is, to the City Solicitor, if I move this bond, does it approve a law firm in that sense?

Solicitor Lynch:

The bond ordinance as submitted, containing language of notice of sale as submitted, the answer to your question is, yes.

Councilman Lynch:

In other words, you have decided you would now, without authorization, take it upon yourself to take that action?

Solicitor Lynch:

Number one—

Councilman Lynch:

I'm not through. You take it upon yourself to use Litman, Harris and Spectre on official renderings of opinions to people who might buy bonds from the City of Pittsburgh, is that correct?

Solicitor Lynch:

Number one, I have not taken it upon myself. The letter submitted to Council, to the Clerk, made reference to what bond counsel was going to be handling the, and notice of the, sale. It has been called to your attention and to the attention of members of Council.

Number two, what Council was upset

about, as far as I can see, was the City of Pittsburgh, through me, retaining an outside counsel on behalf of the City of Pittsburgh to be paid by the City of Pittsburgh. There is nothing inconsistent with what I have done, providing for any purchaser of this bond who wants to pay for any legal opinion of the Litman firm may do so at their own expense, rather than the City of Pittsburgh's expense. It does not involve any expenditure of Pittsburgh's funds.

Councilman Lynch:

It should read with anyone's name from the red book, do you agree with that?

Solicitor Lynch:

You can ask. I would seriously recommend to Council they not do that.

Councilman Lynch:

You would have the City of Pittsburgh sponsor the legal opinions of Litman, Harris and Spectre?

Solicitor Lynch:

That is your opinion.

Councilman Lynch:

What, in your opinion, does this do?

Solicitor Lynch:

In my opinion, it states anybody interested in bidding on Pittsburgh bonds, interested in having a legal opinion, knows they can purchase it from Litman, Harris and Spectre.

Councilman Lynch:

But they don't know there are a dozen legally qualified firms.

Solicitor Lynch:

No, the idea, again, is to get as many people to bid as possible. If a person were going to have to invest in legal fees prior to bidding, it would be

my judgment it would be the same as trying to sell the bonds without legal opinion. You would have to invest the money and get somebody else's opinion prior to doing it. This firm, at its own risk, would be familiar with the proceeding and charge everybody the same.

Councillman Lynch:

So, you are willing—

Solicitor Lynch:

The document speaks for itself.

Councillman Lynch:

Are you advertising on behalf of that firm?

Solicitor Lynch:

I have discussed this matter with the Litman firm and they are willing to proceed along the lines I have recommended.

Councillman Lynch:

Have you discussed it with me?

Solicitor Lynch:

No.

Councillman Lynch:

With the Mayor?

Solicitor Lynch:

No.

Councillman Lynch:

With any member of this City Council?

Solicitor Lynch:

No.

Councillman Lynch:

The Clerk now informs me that at five minutes of two, you sent this copy of the bond issue up.

Solicitor Lynch:

That is correct.

Councillman Lynch:

I would like the record to show we are dealing with a \$14 million bond issue. We have a hostile solicitor. We have a deliberate misstatement in this bond sale which does not work in the best interests of the citizens of this city and I move this be returned to Committee for further discussion about it with our Solicitor.

Mr. Mason:

Bill No. 1387, has not been presented.

Councillman Stone:

Is it not a fact an investor might require legal opinion before going into it?

Solicitor Lynch:

Yes.

Councillman Stone:

If you are suggesting at your cost they can get a legal opinion, are you not increasing the price to the purchaser of our municipal bonds?

Solicitor Lynch:

Theoretically, or as an actual matter, yes.

Councillman Stone:

As a practical matter, you are making our bonds more expensive.

Solicitor Lynch:

I guess you could spell it out that way, but that is not the case.

Councillman Stone:

Would it not be, in effect, if this body intended it to be more expensive, we would have so stated and

since we did not, we never misled you to believe we wanted any cost over and above the cost of the bonds?

Solicitor Lynch:

I didn't know that there was any misleading.

Councilman Stone:

How much is this cost to be?

Solicitor Lynch:

\$11,000 and \$14,000.

Councilman Stone:

You are adding an additional \$11,000 to the purchase of our bonds.

Solicitor Lynch:

Yes.

Councilman Michaels:

I would suggest the City Solicitor help us carry out what is our obligation here. We need not, in fact, at this time, go to a bond issue but can resort to temporary financing and then go to the bond issue. There is enough cloud about this bond issue for capital improvement and the speed to which those improvements are done by the Administration, anyway, that I question whether the Administration should borrow all of this at this time. By returning this issue to committee once again for us to develop how exactly we are to handle the problem or who shall be the bond counsel, we only delay the project and ultimately the money. Council can be reminded it can go to temporary financing until we develop the type of influence we want to use. That is our responsibility and your responsibility is to carry it out.

Councilman Calliguri:

Can we not eliminate the name?

Councilman Lynch:

Not according to the Solicitor

who advises me if we pass this bond issue, it approves the selection of his law firm.

Councilman Calliguri:

Can't we amend it?

Councilman Lynch:

The Solicitor says, no. I think we could.

Councilman Calliguri:

Can we amend that document to eliminate the name of the firm, Litman, Harris and Specter in this legislation and keep the bond counsel as we intended it to be?

Solicitor Lynch:

You may amend to put in specific language prohibiting putting in any name.

Councilman Calliguri:

There could be words in there that it be opened up to anyone.

Councilman Lynch:

It is already that way. In other words, the City doesn't sponsor law firms.

Councilman Stone:

Point of order, if I may.

If I understand you correctly, you're asking him to make a change and then we will approve it? We're not making the change?

Councilman Lynch:

We are going to amend today and it is clear it is not the intention of Council that the City Solicitor appoint a bond counsel, but shall act as bond counsel, unless the City Solicitor comes to this Council properly to appoint a specific bond counsel.

President Mason:

In light of the developments and

for those who have spoken to the subject, first of all, the bill was never introduced. In order to keep our sequence straight in the presentation of the bills, I suggest a ten minute recess.

And on motion of Councilman Lynch
Council recessed.

Councilman Lynch:

Mr. President, I move that the bill, Bill No. 1387, the second section which reads,

... "serial bonds for sale by publication of the 'Official Notice of Sale' according to law with bids to be opened on March 1, 1973 at 11:00 a.m., and the City Solicitor is directed to prepare the necessary proceedings and to examine the proceedings and issue an approving legal opinion to the successful bidder."

be amended to add the following:

... "and he shall not authorize the retention or designation of any other law firm or firm of lawyers to render an approving legal opinion to purchase thereof at the expense to the city or to the purchaser."

President Mason:

Is there a second to the motion?

Councilman Stone:

My understanding of this amendment was that there was to be certain deletions with reference to any other law firm in the absence of one law firm being appointed and that is all I am willing to decide on.

Councilman Lynch:

What the City Solicitor has added is "he shall not recommend the retention or designation of . . ."

Councilman Stone:

All I want him to do is take out of here any reference to anyone who is not city personnel. He is saying you are not permitted to add that expense to anyone.

Solicitor Lynch:

That is not what I am saying, Councilman. I am saying that amendment specifically prohibits me from designating a lawyer or law firm as a firm to render an independent opinion to the purchaser of bonds, either to purchaser or to the City.

Councilman Stone:

Any purchaser wanting to go to a law firm, he has that right. The objection I have is, you are making reference in a public document that we are showing favoritism. I think we can resolve it very easily by eliminating the language you had no business putting in, in the first place. In short, you're the bond counsel, in absence of anyone making an appointment and the only one making an appointment is you. Anyone else, its showing discrimination.

Solicitor Lynch:

There is no reference to anybody else, Councilman.

Councilman Stone:

You have here that you are referring them to Messrs. Litman, Harris and Specter.

Solicitor Lynch:

That is deleted.

Councilman Stone:

That is all you had to do, take it out and that is all you have to do.

Councilman Lynch:

He will not agree to take it out without specific directions from Council.

Councilman Stone:

That's tough. I feel sorry for him, if that is it.

Solicitor Lynch:

If you are denying the right to have bond counsel, either as to cost to

the city and to the purchaser, it should be clearly in the record.

Councilman Shields:

Mr. President, my position is, I don't think we should deny the right of purchase at its own expense. We don't want to recommend or suggest or influence the firm that he shall hire. This, as it is amended, specifically forbids only to do it at his own expense.

Councilman Stone:

I do not believe we should be redundant in reciting what the law is. I don't think you have any right to do other than what you are entitled to. Don't put it to us to recite what you can and cannot do. This additional language is not in keeping with what we, as a public body, should do. We ask for its deletion. We have no right to tell you that you can't do certain things. If you feel you can, go ahead. If we feel you are wrong we have regress in the future. I am against any language that prohibits him from doing anything the Charter tells him he can do.

Councilman Shields:

What I recommend is the following language . . . "and he shall not authorize the retention or designation of any other lawyer or firm of lawyers to render an approving opinion to the purchaser at the expense of the city." Render a legal opinion to the purchaser and let it go at that. It leaves it open to the purchaser; he can do as he wishes. We shouldn't restrict that.

Councilman Lynch:

It does not restrict the purchaser at all. In the opinion of the Solicitor, it does not stop the purchaser from seeking a legal opinion.

Solicitor Lynch:

No, it doesn't.

Councilman Stone:

Are you not saying, in what you

are saying here, that we are restricting you from going outside?

Solicitor Lynch:

That is correct.

Councilman Lynch:

That is what we intend to do.

Councilman Stone:

No. We intend for him to comply with the law which already restricts him.

Councilman Lynch:

The only way we can stop him from doing that legally, it is his opinion—

Councilman Stone:

Is there a precedent for referring to other law firms by the Mayor or this Council? You haven't talked to any of us as to where you recommended any outside law firm specifically for any purchaser of municipal bonds.

Solicitor Lynch:

I don't know of any precedent in this city and I talked to people who have been around here. I submitted a letter which specifically asked Council for the right to retain bond counsel.

Councilman Stone:

Do we presently have bond counsel?

Solicitor Lynch:

No, we do not.

Councilman Stone:

Who is presently performing that now?

Solicitor Lynch:

I am.

Councilman Stone:

And do you accept the duties as bond counsel for the City of Pittsburgh?

Solicitor Lynch:

I am following the direction of Council and I have prepared documents to date and in that preparation, I have had conferences with the Litman Firm.

Councilman Stone:

Are you accepting all the duties and responsibilities of bond counsel presently?

Solicitor Lynch:

No, I am not.

Councilman Stone:

Have you so appraised everybody that you are not doing that?

Solicitor Lynch:

I think the legislation I have submitted contains what is my recommendation which is based on a considerable amount of experience in the field and that is that it would be advisable to have an independent firm pass on the validity of the bonds.

Councilman Stone:

Is it your recommendation we issue any municipal bonds at this time?

Solicitor Lynch:

I don't think that would fall in the province of my office.

Councilman Stone:

I am asking you, as Solicitor for the City of Pittsburgh, in view of the fact that we do not have a bond counsel, in view of the fact you refuse to accept full responsibility, do you recommend we issue any bonds at this time?

Solicitor Lynch:

I would like to answer the question this way. I think the bond should be rendered with the opinion of independent counsel. On the other matter, if your judgments are as to the cost of borrowing, it is my judgment you pay less with a bond counsel than without a bond counsel. If the direction is for me to proceed, give you a legal opinion and not engage anybody else, the amendment before you does that.

Councilman Stone:

In view of the fact that we have no bond counsel, in view of the fact you have not accepted those responsibilities yourself, should we issue, at this time, these bonds?

Solicitor Lynch:

I don't think that is a proper decision for me to make.

Councilman Stone:

Without benefit of outside counsel, under the present structure, do you, as legal Solicitor, recommend that the bonds be issued at this time.

Solicitor Lynch:

No comment on that.

Councilman Stone:

As a Councilman of this City, since we are asking to go out on bond, and since we are asking our people to invest in it, I would like the legal opinion as to what your attitude is on this legal question?

Solicitor Lynch:

I think I have made it abundantly clear. It is my understanding, if you sold this bond with my opinion alone, you probably would get bids.

Councilman Stone:

The thing I find great fault with is your telling me you are not ac-

cepting these responsibilities and, at the same time, there has been no recommendation of who the bond counsel will be coming from you. Therefore, both alternatives lie within your prerogative—your actions. If you appoint and give us the name of the counsel, it is our prerogative to approve or not, am I correct?

Solicitor Lynch:

I don't believe—what can be clearer than as it is instituted here? Let's assume we have been operating on that basis. It says the City Law Department represents the City. If the Mayor recommends outside counsel, that has to be approved by City Council. A request was made to Council to approve it. Then it says he shall be selected by the City Solicitor. I have made known who I was selecting—the Litman Firm. The Mayor says we ought to have bond counsel and you have been asked to approve that concept. The person I would select is the Litman Firm.

Councilman Stone:

Mr. Lynch, do you find any objections to language stating that any opinions given relative to these bonds shall be by bond counsel, or in the absence of an appointment at this time, that it be by you, the City Solicitor?

Solicitor Lynch:

I don't see any legal objection to it.

Councilman Stone:

Okay.

Councilman Lynch:

This is the first time the City Solicitor has indicated for the record his choice for bond counsel. He has steadfastly refused to indicate—

Solicitor Lynch:

I wrote you a letter.

Councilman Lynch:

In his request for bond counsel, he refused to put in the name.

Solicitor Lynch:

I beg to disagree. You asked me who I was selecting and I wrote you a letter naming the Litman Firm. The difference of opinion is that you say I should submit it for approval by you and I say the statute is that you approve the retention of a law firm for a function and the language that he shall be selected by the City Solicitor gives me the right to exercise professional judgment and professional opinion.

Councilman Lynch:

We have taken the view the whole purpose of having Council disapprove or approve one counsel implies a knowledge of what we are approving. I think it should be made clear here that the day of the rubber stamp is gone and we would like to see who and what we're approving. Now, tell us what we are being asked to approve. We would like to see what number we're calling for. The question, it seems to me, before this Council is whether the amendment you have written in here, which says you shall not authorize retention or designation of any other lawyer or firm of lawyers, etc., let me ask you now, in your official legal opinion, does that preclude the purchaser from getting an opinion independently?

Solicitor Lynch:

Not in my opinion.

Councilman Lynch:

Does that preclude any purchaser to go to any firm he wishes, any outside firm he desires?

Solicitor Lynch?

No.

Councilman Lynch:

Does that preclude your recom-

mendation, as part of this bond issue, the recommendation of Litman, Harris and Specter?

Solicitor Lynch:

I think it probably does.

Councilman Lynch:

It does, or probably does?

Solicitor Lynch:

I think it probably does.

Councilman Lynch:

You may yet include, in another document, another law firm?

Solicitor Lynch:

Not at the moment. I am turning over in my mind the question Mr. Stone raised. I don't know whether it is administrative or not. If you have the indirect cost of everything being financed, anybody who bids for bonds, they are hoping to make a profit and they cover all costs in the deal. Whether or not you could ever, positively exclude an administrator—City Controller, Mayor or Solicitor—from making such recommendations in a document, I don't know, but certainly my intent is to make it clear to the will of the Council that I not get involved.

Councilman Lynch:

Therefore, I am satisfied we are protected as a Council and we can proceed then with this bond offering, fully protected from limiting the rights of any purchaser of the bond to seek outside counsel and we also, at the same time, limit the Solicitor from recommending any firm in official documents of this City, which is what the concern of Council this afternoon.

Councilman Stone:

I am opposed to any language incorporated here which prohibits the

Solicitor from doing what he feels should be done and that is what we are asked in this amendment. He has, within the purview of the Charter and all ordinances since, in his authority this right and I don't think we can tell him what he can't do, especially since he is legal counsel. At the same time, I think there has been abuse to this body to include language which should not be included anyway. If, in fact, the firm of Litman, Harris and Specter is our bond counsel, fine, but the Solicitor has told us they are not and in the absence of the designation of them as bond counsel, I don't think that firm, or any other firm, should be included. It should be an opinion of Mr. Lyn, if, administratively, you determine this. As far as we saying we are referring you to X, A, B, C, I think it is a discrimination for any particular firm over some other one. Therefore, I am opposed.

Councilman Lynch:

How would you correct it?

Councilman Stone:

I would make the deletion of the language, omit the amendment, and pass it as it was originally.

Councilman Lynch:

The City Solicitor informs me that is not a binding correction. If we make a deletion of the name, Litman, Harris and Specter, he will reinsert it with the printer.

Solicitor Lynch:

I think I am on the same wave length with Mr. Stone. I think he is saying, if you pass the ordinance as written, administratively, whatever I do, I do at my own risk and he doesn't think Council should deny me that that right.

Councilman Stone:

I am objecting to any public document making reference to anyone other than you as bond counsel.

Solicitor Lynch:

You're saying verbally you are objecting to my making reference to a law firm as bond counsel.

Councilman Stone:

I think it highly improper. Any reference to anyone else is dangerous because we haven't approved it. I think its discrimination to pick out a particular law firm when Council has not approved it. You have indicated you haven't talked to the Mayor, so I assume he hasn't approved it, and I think that is going a long way without authority of the Mayor.

Solicitor Lynch:

I have talked to the Mayor a number of times on the question of the retention of bond counsel.

Councilman Stone:

Has the Mayor told you to insert in here at the cost of the purchaser, the opinion of this law firm?

Solicitor Lynch:

I don't recall any specific conversation with the Mayor on this.

Councilman Stone:

Neither he has recommended, nor have we, and it seems to me highly improper to make reference to any individual law firm. As far as us saying to you we cannot do something else which you are trying to have us do in the amendment, I don't think it is proper. The Charter Ordinance tells us both what we can or cannot do.

Councilman Michaels:

Point of order, Mr. President. This discussion, with reference to this Bill 1387 leads me to believe it is not prepared for final action. There is no justification to carry on this argument. It should go to the Finance Chairman and he should have the opportunity to hold it until all language

is satisfactory. This argument doesn't belong at this table, but in committee.

I therefore ask the bill be returned.

Councilman

Thanks, Mr. Michaels, but I point out, I am satisfied that this bill is ready for action. The amendment in the bill, written by the City Solicitor, was at the express insistence of Mr. Stone. If you are going to amend the bill to exclude that language, have the Solicitor write it. That being the case, I am willing to abide by the City Solicitor's considered opinion that this amendment does, in fact, not preclude the bond buyer from seeking outside counsel. Now, I am prepared to move the bill on that basis or move it back into committee. While I see no reason to hold it up for another week, unless there is further discussion, I am prepared to move it back to committee for another week. However, I think it does a disservice to the City. We have met the commitment set out by Mr. Stone.

I move this bill be removed to the Finance Committee:

Also, with an affirmative recommendation,

Bill No. 1387. An Ordinance determining and authorizing the advertisement for a public sale of \$14,000,000.00 General Obligation Bonds of 1973, Series A, for the purpose of financing the acquisition and construction of the City of Pittsburgh's 1973 Capital Improvements Program and paying the costs of issuing the Bonds; and approving the engineer's cost for the same.

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

Also,

ted.

Which were read, received and filed.

Also, with an affirmative recommendation,

MOTIONS AND RESOLUTIONS

Mr. Caliguiri presented

No. 1608. WHEREAS, Ice Skating Rinks were scheduled for construction in the East Liberty Area, the North Side, and the South Side of Pittsburgh

in 1971, 1972 and/or Six Year Capital Budgets, and

WHEREAS, neither the 1973 Capital or Operating Budgets list an Ice Skating Rink for the East Liberty Area; and

WHEREAS, the newly proposed Schenley Park Ice Skating Rink has already been designed by the Department of Parks and Recreation; financed, and approved by the State Department of Community Affairs and is scheduled, for the next construction season; and,

WHEREAS, the City Administration has said that State Funds allocated for the construction of the Schenley Park Ice Skating Rink will be placed in jeopardy unless this project is approved by July, 1973; and

WHEREAS, the City Administration has stated further that if the location of the Schenley Park Ice Skating Rink is not approved, the construction of an Ice Skating Rink for the residents of the East End will be delayed indefinitely; and

WHEREAS, it is the intent of Council to prevent any further delay in the construction of Ice Skating Rinks planned for the City of Pittsburgh; and

WHEREAS, the funds necessary to hire architects and engineers for the designing of the East Liberty and North Side Skating Rinks will be provided by Council; and

WHEREAS, the funds necessary to design and construct the South Side Ice Skating Rink have already been provided by Council;

NOW, THEREFORE BE, AND IT IS HEREBY

RESOLVED, that the City Council of the City of Pittsburgh by the adoption of this Resolution, does hereby accept the plans and specifications of the Department of Parks and Recreation for the Construction of the Schenley Park Ice Skating Rink; and

BE IT FURTHER RESOLVED, that this Council direct the Department of Parks and Recreation to begin immediately to construct an Ice Skating Rink in the South Side Area; and

BE IT STILL FURTHER RESOLVED, that City Council direct the Department of Parks and Recreation to hire architects and engineers immediately to design and develop the necessary plans for the construction of Ice Skating Rinks in the East Liberty and North Side Areas of the City.

Which motion prevailed.

The Chair:

Are there any other motions or resolutions?

Mr. Caliguiri:

Mr. President, I would like to speak to this resolution, if I may.

Although I am opposed to the location of the meadow area in Schenley Park, it is also the concept that we get into the regional sites of ice skating rinks. I think this is the intent of Council, that we do get into the concept of neighborhood ice skating rinks. This is certainly what we need. And also, that the City get moving. I think that it is damn time that we started to do things on a positive nature and make things happen rather than to delay things. And certainly Council, today, has shown that we are going to get things moving, we are not going to delay anything. But more important than that is, that this resolution also instruct, for the record, the City administration to go further and construct the ice skating rink on the South Side and to hire these architects that are necessary for North Side and East Liberty areas.

I think it's showing that we want to get moving. We should get moving and not try to delay these things because of budget matters that have happened in the past because these things will carry over from Capital Improvement to Capital Improvement Programs for years.

For this reason, luckily we have put this thing through so that at least the East End residents will have an ice skating rink at this time in their areas.

Thank you.

The Chair:

Are there any further comments?

Which motion prevailed.

Mr. Kamyk moved

MOTIONS AND RESOLUTIONS

Mr. Shields

Mr. President, I didn't say anything at the time that Bill No. 1489 and companion bill, I believe it was Bill No. 1490, were passed and I voted for both of them. I did so with reluctance and I just want to restate what I have said before—that I am basically opposed to the location of a \$1½ million skating rink in Schenley Park at the location that is presently proposed, for a number of reasons. I voted for it and I think maybe some of my colleagues have done

so, for the reason that the bill was held up until the last moment, after designs, over some period of time, had been made and after architects had worked it through and long before we were aware of the location. I am opposed to it, not because I am opposed to the skating rinks but because I think there was a better way to have done the whole thing because we are trying to, I believe, serve the whole City of Pittsburgh, and only for that reason would I be opposed. I would not necessarily be opposed to the location but this pretty much impinges upon our entitlement for Federal and State funds, in terms of the ice skating rinks, and I think it would be a lot better, although we have plans under way for the South Side and hopefully the Northside, to plan for something in East Liberty as well and I hope that we can accomplish this.

It may be, if we accomplish the present program at the expense, particular expense, of the City residents of Pittsburgh as opposed to State and Federal participation in the operation. I want to register my very sincere and serious objection to the manner in which the whole affair has been handled. I feel the citizens of Pittsburgh have not been fairly dealt with in terms of participating and planning, or knowing what was planned if not participating, and I do feel that City Council has been dealt with in similar fashion. I hope in the future, we will be able to achieve the cooperative spirit, whether we disagree or not, but to disagree agreeably.

I hope this will come about in the near future and I would request that the citizens of Pittsburgh really express their concern about this kind of activity and that we will be able to accomplish in the future, skating rinks, if not as grandiose, at least more accommodating in terms of neighborhood kinds of things, available to the entire City, however, directed to neighborhood activity, in the north, south, and east of Pittsburgh.

Mr. Caliguiri:

Mr. President, Councilman Shields expressed my comment very well there. I merely want to indicate, last week, we did put in a resolution and I certainly would want to see the Adminis-

tration carry out this resolution. We want to see that ice skating rink on the South Side developed and I am still waiting for legislation suppose to have been prepared these past two weeks.

I also want to see that architects and engineers be hired immediately for the East Liberty site and for the North Side site, which will take in the West Side community. I think we should stay on top of this resolution to make sure that we do get into this kind of neighborhood concept of ice skating rinks. I think Mr. Shields very aptly put it, that we get rid of regional ice skating rinks and get into the neighborhood concept. If we do not receive legislation within the next two weeks on the South Side site, I think City Council should think about putting in legislation for this rink which I understand has already been designed, and I believe there is no need to hold it up.

Mr. DePasquale:

First of all, I would like to laud my colleagues on the manner they were received at Syria Mosque last Saturday. I think the vote of confidence by the committee people is a reflection of their preformance in Council during the last three years.

Mr. President, I would like to request the appearance of Mr. O'Keefe, President of the Fraternal Order of Police and Mr. Charles Lewis of the Firefighters Local No. One, on March 7th at, I believe, approximately 10 o'clock in our Finance Committee session, to discuss the vacancies now existing in the Police and Fire Departments and vacancies that have gone unfilled in the past three years. I would also like to request the appearance of the Assistant Budget Controller, Mr. Rush.

Finally, I am concerned about something else. Over the past week, I have had a chance to do a lot of reading and reading a lot in the newspapers of the serious charge made about Magistrate Court. There have been conflicting stories coming out and because of this, I think an investigation is warranted.

I had a personal experience in Magistrate Court about a year ago and although I was very put out about it, I swallowed my pride. I have to name

names here so we will know who is involved. The charges involve Angela Marasco, the Court's chief clerk. I was asked by a young lady from the Oakland area to accompany her to Court. She had an Oakland area parking or speeding summons, something to do with an automobile. She was frightened and very concerned so that even though I told her to go there and tell them her side and "if you are right, they will accept your plea," she insisted I accompany her, and I did.

As I entered the corridor, Miss Marasco accosted me and said, "Get over there and sign up." I said, "what am I signing up for?" and she said, "You heard me, you get over there and sign up." I said, "Lady, all I am is a concerned taxpayer. Am I allowed to go in there and listen to the hearing?" She replied, "Yes, you are. Is that all you're here for?", and I said, "That's all I'm here for." I went into the room, the young lady went up by herself—I forget the name of the Magistrate—told her story and the charges were dismissed.

Afterwards, I was called aside by a friend who works down there and he told me point blank, "Please, don't come down here again. That girl has turned this place upside down. You don't know what she has done since she came here. Everybody is a nervous wreck and please don't come down here again."

This is the kind of reception I received. I really believe there are some serious charges there and that they warrant some investigation on our part as to who is right and who is wrong and as to what is going on down there.

Mr. Stone:

If I may, I would like to go back to the subject of the ice skating rinks. It has been represented to me, at least by one of the Councilmen, that the South Side skating rink will have it's final plans on March 15th, estimated as of April of this year, construction to begin as of May of this year. It was represented to me, prior to this time that I exercised my councilmanic vote, that the South Side rink will be completed at the same time as the rink in Schenley Park will be completed. Since I firmly believe it is the intention that

there be rinks throughout the entire City, neighborhood rinks for everybody and not just one area to the point we are pitting one neighborhood and people against another, with that in mind, I exercised my vote.

I was not on Council but I find it very difficult to take when plans are presented to you, money already expended, and you are asked to vote on something. I was led to believe that everything would be on a neighborhood basis. Therefore, considering the cost, they would all be relatively the same. But when presented to you, already in excess of a million dollars, to vote it down at this time, even if it be right to go back to the value of neighborhood rinks, considering the loss of time and the escalation that would result thereafter, you then would be getting a \$900,000 facility for over a million dollars. In order to save time and money, at this time and under these circumstances, we had no choice, with regard to the Schenley Park ice-skating rink. I don't think anyone on this Council is opposed to the rink, but we want it in all areas, not one area, to take care of the needs of everyone.

But I want it clearly understood, it was represented to me, the South Side rink would be completed at the same time the Schenley Park rink would be completed. It was also represented that the Northside rink diligently would be pursued and with that in mind, that other neighborhoods would be serviced, with those conditions, I voted for it.

Mr. Michaels:

Mr. President, I hate to be doing this to you, but I want to go back to the subject discussed by Mr. DePasquale.

Mr. Mason:

Are there any other comments on the ice skating rink?

May the Chair have the privilege of commenting.

After we have discussed all the reasons for this, if you will recall, I was

the only person who voted against the architectural fees because we had no comprehensive plans, but now, we do. I believe I voted for it with the same reluctance you all have previously spoken to.

Mr. Michaels:

With respect to the Magistrate Court, I am not new on Council; I guess I am relatively old, but I always find there are new challenges and I think the one Mr. DePasquale brings up this morning is, for this Council at least, a new challenge. We find we have a Magistrate Court, at least a police court, that is, a City Court, and there is some question of it. I know Mr. Lynch, on prior occasions, spoke to the validity of using that kind of appointment of magistrates. However, to tell Mr. DePasquale to proceed on something like this would be unofficial to him, but if we, here, in Legislative session, this afternoon, can determine proper procedure for Magistrate Court and come to some conclusion as to changes we can make for the betterment of this City, then we ought to do it. To leave this room and go back to other business, nothing is going to happen. What do we do about Magistrate Court and what is our action this afternoon?

Mr. Lynch:

I opposed the appointment of Magistrates four years ago on the theory we need not have had them. However, consistent with Mr. Michael's position, something should be done, I think Mr. DePasquale, as Chairman of the Public Safety Committee, ought to call for a hearing and appoint three members of this Council to assist in the conduct of that hearing and set a date and bring before this committee whatever he feels would be necessary. Either the Committee on Finance, or Chairman of the Committee on Public Safety should call for such a hearing, appoint members of the committee, and set a date.

Mr. Mason:

That could be taken up at the next Finance Committee meeting.

Mr. DePasquale:

I will initiate the procedure for the hearing.

Mr. Michaels:

I would like to get an opinion from the Chair. Would that allow the appointment of a special staff of Council or persons who might assist Mr. DePasquale in the investigation? Would that permit the use of funds for that special purpose? Let me ask the Solicitor's Office, would they join us? Could we count on the Law Department for their cooperation without permission of the Mayor?

Mr. Shields:

I would like to volunteer to serve with Mr. DePasquale and anyone else. And, without his permission, I volunteered the services of Mr. Stone who spent many days down there. I don't see why we shouldn't use whatever talents we have already on Council.

Mr. Lynch:

I do and I would object. I think

these two gentlemen are Councilmen, not attorneys while here and the limit of their practice of law should be outside this Council. The Law Department is obliged to provide legal opinions and that is what we ought to have from the members of that Department.

Mr. Mason:

May I suggest you draw up suggestions of procedure and we will take it up in Finance Committee meeting on Wednesday, so that we've gotten all the facts. I am not going to appoint a committee without having all the facts be-

Mr. DePasquale:

I appreciate Mr. Shields volunteering.

Mr. Lynch moved

Approval of the minutes of Monday, February 26, 1973.

Which motion prevailed.

Upon motion by Mr. DePasquale,

Council adjourned.

Mr. Stone:

Mr. President: I would like to speak to Bill No. 1422. I personally voted with Council in agreement with City Planning in its denial of the Squirrel Hill High Rise and voted accordingly because I thought it was legally correct.

However, I do not agree with City Planning's favorable recommendation as to the Mt. Washington project and its efforts to rezone and to provide the 20 story tower building for the following reasons:

In July of 1959 there was a policy made up under the Master Plan and in May 18, 1971, City Planning approved the Grandview Study Report.

But most of all, I rise to this particular problem and complaints during my presence on City Council. Just three weeks ago, City Planning proposed to this Council, that a portion of Mount Washington, more specifically, north of Grandview, be rezoned "SA" with a limitation of height. While this limitation was pending, at the same identical time before this Council, City Planning proposed to this Council to rezone to permit this 20 story tower building. This tower building, obviously, would not be permitted in the requested area. This tower building is located north of Grandview in the same area which has previously been requested to put a limitation on and worse, this tower building area is less than 300 feet away from the restricted "SA" area.

Although it has been represented that there will be no blockage of view, a protestant testified that there would be. If this rezoning were done to accommodate

the tower building and were permitted north of Grandview, we would lose all control because neither City Planning nor this Council could be able to curtail, in the future, any extension or expansion of that tower structure. If we did, I feel that the Courts would rightfully and legally overrule any attempt to limit in the future because two like adjacent and close properties must be treated alike.

This is not a problem of progress or the lack of progress. It is purely a legal issue. Two different treatments of the same area cannot be. Two different treatments of the same area within one month is ridiculous.

Although a request to this Council to give its stamp of approval subject to seven "ifs", leaves much to be desired. To approve it would make this Council blind to its responsibility of review.

Lastly, I believe that the time has come that our City Planning should finally decide what it wants and what it recommends for Mt. Washington. The residents there have been abused too long in my estimation. They have a right to rely on some representations. They have a right to rely on some consistent treatment, some consistent planning and not be required on an every day, every week basis to come in here to protest. I think it is grossly unfair to those residents and they have to know where they stand. Either they are going to have high rises or limitations, but not every other week at the same identical time, some contrary zone.

Those are my reasons for voting as I did.

The Chair:

Thank you, Mr. Stone. Your remarks will be duly noted in the record.

Mr. Michaels:

Mr. Chairman: With respect to Bill No. 1422, I believe that the development of a high rise structure of some 20 stories would provide residence for upper income people, would be a beneficial aid to the City of Pittsburgh in working out its neighborhood problems. Too often when we think of neighbor-

hood problems, we think in terms of urban blight and deteriorating of such. In this particular instance, we have an opportunity to take a neighborhood which not yet shows any blight and recognize the fact that it has an acceptance to people who are willing to live in luxury quarters.

That being the case, I think we ought to provide such a facility as long as it does not work to the inconvenience or disadvantage of others. I subscribe that the north side of Grandview Avenue provides such a facility. It is a tower type structure with a lot of air space around it, and would not block the view, generally, of people as you might if you build, for example, a three-story walkup which operates as a Chinese wall.

If you allow residents who wish to speak to private property which they do not own, but over which they have some control, I believe that they have to show distinctly and clearly some inconvenience rendered them by the use of this zone. By the fact that it is on the north side of the street, it is not encroaching directly into the neighborhood. It stands apart along with some other commercial properties on that side of the street.

With respect to the view, I don't think that any view ever is distinctly the exclusive property of any group of residents who live in the neighborhood when, in fact, it belongs to all of us and to deny residency to people, whether they be of low income or high income because it blocks somebody else's view, I believe to be an unfair and unjust conclusion.

I think we, as the law making body and the taxing body of the City of Pittsburgh have to always look towards the providing of income and potential income. I see this not as a single venture of its type but I see it as the beginning of some further construction of this type.

And I say to you, if we allow the status quo to exist, what will the community look like in fifteen years hence.

The Chair:

Are there any other comments?

Mr. Shields:

Mr. President, I would like to say this. Basically, my reasons for opposing that structure are these. There is a commonality of problems in that area because of the steep hillside and because of the fact that it is on the northerly side of the river and because there is a large stretch of land on the northerly side of Grandview Avenue.

I don't believe that we can make judgments in a vacuum and I would like, before we make a decision about too much of anything or any part of that Grandview Avenue north side area, that we have a comprehensive, specific plan from the City Planning Commission so that we know what the projective plans are for all of it in order to make, what I call a more intelligent decision, rather than going at it in piecemeal fashion as they have requested us to do.

I think we owe it to ourselves to know this because of the common problems that exist. I think in all portions of northerly Grandview Avenue, that we have a look at the whole thing, the whole scheme, the whole plan and I think we then could operate in a more intelligent fashion.

For that reason, and although we voted for a change for that section there, I feel that perhaps we made a mistake even then in the limited height area that they proposed, an "SA". And I would encourage us in the future not to consider anything until we know exactly what they are going to do with everything.

Mr. Kamyk:

Mr. President, when you have voted a question previously, those who were in favor of the bill voted Aye. Well, this question should sound somewhat different because one of the bills was affirmatively recommended in committee and two bills were negatively recommended. So, if we are voting Aye, we are not voting for the passage of the one bill and for the negative recommendation of the other two bills.

The Chair:

Mr. Kamyk, we are voting on

the recommendations that were brought forth by the committee as a whole.

Mr. Michaels:

Mr. Chairman, based on the remarks that I have heard here, I would ask that Bill No. 1422 be returned to committee.

MOTIONS AND RESOLUTIONS

Bill No. 1666. WHEREAS, The Pittsburgh Model Cities Commission has adopted a resolution expressing its concern for the economic impact upon the total Pittsburgh community of the proposed withdrawal of funds in the areas of housing, employment, education, day care services and health care, the City Council of Pittsburgh does hereby adopt said resolution together with the actions recommended therein directed toward urging the Federal Administration and Pennsylvania Congressional Representatives do not reduce the level of funding sufficient to carry out these essential programs until an orderly transition to new approaches are found and clearly specified.

Mr. Shields:

Mr. President, I know this is a long resolution and I would just like to underscore and emphasize one thing. We are not asking in the resolution that the present programs be continued indefinitely. However, we do feel that new approaches have not been laid and the problems of the old programs as set forth is that there will be created a vacuum and the benefits, whatever they might be, will cease. I think the need for continuation is great and I think there is room for a great deal of im-

provement however. I would like to see from Congress what ideas and what changes are to be had before they completely eliminate what presently appears to be a very necessary and vital program in the continued economy, health, care of the people in this country, particularly those in the urban areas. I move the adoption of the resolution.

Which motion prevailed.

Mr. DePasquale:

Mr. President, I resolve after talking with several reliable and responsible persons, I have come to the conclusion that City Court Magistrates and Police personnel assigned there are above reproach. It strikes me that Justice of the Peace Lucchino's remarks are in poor taste and politically motivated.

However, these same parties have convinced me that City Court is badly understaffed. We will have a hearing to try and determine how badly it is understaffed. Also, it will deal with finding out if the Public is being treated fairly and given the proper respect it is due.

Contrary to reports this will not be a

witch hunt. It has never been my ambition to chop heads for personal or political reasons. If anything, I am certain that the facts will justify the hiring of more personnel. All cases in City Court should be expedited quickly and efficiently. All these matters will be decided at the hearing. The hearing will be public and all interested parties are welcome to attend.

The date is March 14, 1973 at 10:30 a.m.

The Chair:

Thank you very much, "Jeep." The committee that will be serving with you will be Mr. Shields, Mr. Lynch and yourself as Chairman.

Mr. Kamyk moved,

Approval of minutes of Monday, March 5, 1973.

Which motion prevailed.

Upon motion by Miss Ballinger,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. President, in the past few weeks, I have received quite a few phone calls and letters regarding the Mayor's refusal to abide by Council's ultimatum to change Forbes and Fifth Avenues back to two-way streets.

I want to tell you, Mr. President, I have a tremendous fear for the residents of the Uptown and Oakland areas, especially our beloved children, in crossing the street. On Friday, at 4:30 p.m., I had the experience of waiting on three lights before I could cross and seeing three young children almost hit

by cars while attempting to cross the street. It is a great concern of mine.

In Oakland and the Uptown areas, we can't send our children to Somerset County or some other exotic spot. Therefore, I talked with an attorney and I am going to institute a suit of my own, at my own expense, against the Mayor, to return these streets to two-way.

Mr. Lynch moved

That the Minutes of Council, of Monday, March 5, 1972, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Caligulri:

It is always unfortunate when a Mayor turns a deaf ear to the cries of help from citizens who elected him.

Such indifference becomes tragic when the funds are available for help without cost to the City's taxpayers.

To use revenue-sharing to build a false surplus for political campaign purposes is cynical and callous.

The Resolution which I introduce today is to make certain that revenue-sharing funds go to the neighborhoods—where they belong—to improve facilities and services and to encourage jobs and housing.

It is dishonest to say that these funds cannot legally be used for neighborhood improvements, services and programs.

I was shocked when, at a recent citizens' meeting, in response to a question on City improvements, the Mayor pointed to "all the park benches which had been painted."

Our bridges and streets are in disrepair; fire and police protection is inadequate; neighborhood services are deteriorating; jobs are being lost weekly.

What is the response from the present City administration? Paint more park benches and garbage cans. If we have as many new jobs as we had newly painted benches and cans, Pittsburgh would be the most prosperous city in the country.

Unfortunately, you cannot brush aside our problems with paint.

A park bench is nice for relaxation. It is no substitute for a job.

A painted garbage can is good for refuse. It is no substitute for good streets, adequate housing, personal safety.

What we need is an administration that will give priority to programs which will get Pittsburgh moving. We need a "Go—Pittsburgh" and not a "Stop—Pittsburgh" administration.

Mr. Caligulri presented

Bill No. 1780. WHEREAS, the primary purpose of federal revenue-sharing funds is to enable cities to fund needed programs which cannot be carried out with its normal tax revenues; and

WHEREAS, using these funds for such purposes will aid the general welfare without any increase in City taxes; and

WHEREAS, at public hearings held by City Council on the Mayor's proposed budget for 1973, numerous non-political neighborhood and community representatives requested use of some of these funds for badly needed neighborhood repairs, facilities and development, and additional police and firemen; and

WHEREAS, the Mayor has ignored all such recommendations by Members of Council and by these various community representatives; and

WHEREAS, by the end of 1973 approximately \$20,000,000 of revenue-sharing funds will have been received by the City, and by the end of 1974 the total is scheduled to be over \$30,000,000; and

WHEREAS, the Mayor has used approximately \$14,000,000 for ordinary

and normal operating costs in the 1973 budget and

WHEREAS, continued denial of use of revenue-sharing funds for community improvement and development will result in decline of the neighborhoods, fewer jobs and less housing;

NOW, THEREFORE, BE IT RESOLVED:

1. That all federal revenue - sharing funds received by the City, in excess of the \$14,000,000 in the 1973 operating budget be set aside in a separate trust fund to be ear-marked "Revenue-Sharing Funds," said fund to be invested at interest;

2. That no withdrawals be made from said trust fund except upon direct authorization of City Council by ordinance duly passed in accordance with law;

3. That Council, upon consideration of the needs of the neighborhoods in the City, adopt a program for expenditure of funds and forward said program to the City administration for execution;

4. That in the expenditure of such funds, the City use existing organizations and existing City personnel and facilities as much as possible.

Which was read.

Mr. Calliguli moved

The adoption of the resolution.

Which motion prevailed.

Mr. Shields:

Mr. President, I would like to just underline the purpose of this resolution and that is to provide for any possible, temporary discontinuance of our existing social programs. In other words, it requests the Mayor to declare a state of emergency so we can reopen the budget and prepare legislation to save existing agencies until the time that special revenue sharing comes into being. We don't want any lapse or any discontinuance in these human services and that is the purpose of the resolution.

Mr. Shields presented

No. 1781. WHEREAS, the City Council of the City of Pittsburgh on March 5, 1973, adopted a resolution passed by the Pittsburgh Model Cities Commission on February 15, 1973, dealing with the economic impact upon the Pittsburgh community of the proposed withdrawal of funds previously designated for housing, employment, education, day care services, aid to the aged and health care; and

WHEREAS, the Resolution of City Council was signed by the Mayor on March 19, 1973; and

WHEREAS, City Council is concerned about the continuity of essential and necessary human services until a special Revenue Sharing Plan which would accommodate these services has been formalized and put into operation.

NOW, THEREFORE, BE IT RESOLVED, That the City Council of the City of Pittsburgh does hereby urge that the Mayor of the City of Pittsburgh consider the critical need and urgency connected with the possible discontinuance and need of such services; and that he issue a Certificate of Emergency so as to permit the reopening of the City Budget for 1973 in order to allow for proper City preparation to meet this urgent need in the event of temporary discontinuation.

Which was read.

Mr. Shields moved

The adoption of the resolution.

Mr. Lynch.

I support Mr. Shields' motion to adopt the resolution. I would like to point out to Council it is important that the Mayor reconsider reopening this budget. I feel strongly the Treasurer of the City of Pittsburgh ought to be directed to revalue our budget to ascertain what areas of the city have a projected surplus. I would request this information this afternoon and hope to get it back to Finance Committee on Wednesday. In light of that action, I

particularly would advocate Mr. Shields' motion that the Mayor seriously consider reopening this budget in order to establish new priorities. If Council had been aware of pending cuts, we may have taken a different view of the budget in December. I second the motion.

Mr. Michaels:

The Nixon Administration's retreat from the Federal Government's traditional role of leadership in funding Social Service Programs present a clear and present crisis to local city governments. The new Federal Budget calls for changes in HEW regulations, a housing moratorium, impounding funds, and the termination and re-direction of many public agencies. The future vitality of any urban city will depend on effective development of its human resources. Without positive government action to help meet basic human needs in health, education, housing and services, the current trend of rapid urban decay accelerates one hundred fold.

By abstaining from promoting these programs, the Federal Government, has, in effect, funneled the task to local governments. The President has, for the immediate present turned his back on the elderly, the poor, the sick, and the uneducated, but we cannot afford to. These people are our own, and the continued health of this city depends on maintaining minimum standards of care for all people. The Mayor thus has a public and moral duty to respond to the demands of needy citizens.

The challenge has been placed squarely before us. City governments have been left to their devices to care for their own. Funds do exist within the City's control to, at the very least, maintain the more essential programs. At this point, only the Mayor has the power to channel City funds where they are needed. This crisis presents a critical stage for this City, it must choose the direction it will take in urban affairs. The Mayor must now re-evaluate his spending priorities and allocate them where they are most urgently in demand. A commitment from the Mayor is needed now. I urge him to do so.

STATISTICAL ANALYSIS

The federal government has funded Social Service Programs through a reimbursement procedure to public and voluntary agencies. This process of directing special use expenditures to defined programs is known as Categorical Funding. The major beneficiaries of federal categorical funding in the City of Pittsburgh have been the following:

ALTERNATIVE SOURCES OF FUNDING: CONCLUSION

Federal and local funds exist which can be utilized to supplement some of these programs. However, only the Mayor has the power to unlock these sources and re-direct their spending. They have not been presently committed to the extent that they cannot be re-evaluated.

- 1) Revenue Sharing — Fiscal Assistance to State and Local Governments. These funds (totaling some \$11 million last year and \$9 million this year for the City of Pittsburgh) have been given to the administrative head of each local government. Since the Mayor controls these grants, only he can make the wise decision of placing them in public service.
- 2) The Budget of the City of Pittsburgh for the fiscal year of 1973 calls for some \$122 million in expenditures. It is only through executive initiative that this budget can be re-opened for a re-evaluation of priority expenditures. Since the President has cancelled out public social services that this City depends on, room must be made in our budget to maintain some of these programs.

Mr. Michaels:

Mr. President, I have entered a new paper today that applies primarily to the Department of Public Works but may also apply to certain other departments.

There have been for a number of years on the books of the City of Pittsburgh, ordinances, which allowed non-residents to take City jobs that might well be provided for City residents when the job occupant might either quit or be transferred to another position in the City. I think that ordinance ought to be scrubbed from the books and we ought to go back to our original ordinance which requires City residency prior to taking a City job.

At least Council, under the circumstance of this repeal, will allow us to look at each job on an individual basis.

Thank you for your notation, Mr. Michaels, I am sure it will be taken by the Committee as a whole.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 1818. WHEREAS, the 1973 baseball season in the City of Pittsburgh will open on April 5 without the presence of the great Roberto Clemente; and

WHEREAS, the people of Pittsburgh shall never forget the excitement generated by Roberto Clemente on the field during his eighteen years with the Pittsburgh Pirates and his unselfish efforts to help his fellow man—even to giving his life; and

WHEREAS, his extraordinary ability and contributions to baseball were recognized by the Baseball Writers Association who waived the normal waiting period and inducted him immediately into the Hall of Fame to achieve baseball immortality; and

WHEREAS, the opening of the 1973 baseball season provides an appropriate occasion for the people of the City of Pittsburgh to establish their own lasting memorial to Roberto Clemente; and

WHEREAS, a one mile riverfront park has recently been completed and said park is next to the scene of some of Roberto's great accomplishments; and

WHEREAS, the said park now unofficially known as "North Shore Park" has never been officially named.

THEREFORE BE IT RESOLVED, that said park, heretofore unofficially known as North Shore Park shall be and is hereby formally officially named ROBERTO CLEMENTE MEMORIAL PARK.

Which was read.

Mr. Lynch moved

The adoption of the resolution.

Which motion prevailed.

The Chair:

Gentlemen, I understand that there are some people here who have evidenced some interest in the two resolutions passed by Council relative to Revenue Sharing and in order for a spokesman to speak on their behalf, I gave the consensus of opinion of this Council in order for them to speak in this legislative session before petitioning for a public hearing.

Which motion prevailed.

Mr. Tim Stevens:

Thank you, Mr. President. I won't take much of your time.

Since you have allowed us to speak, we would like to indicate that the City Council of Pittsburgh will be dealing with the question of what is going to happen to the human services programs in the Pittsburgh area and therefore, what is going to be happening to the citizens of the Pittsburgh community.

The Executive Board of the Pittsburgh Chapter of the NAACP will be dealing with this matter at our executive meeting tomorrow night and we will be issuing a very definite statement regarding the situation later this week.

I am here this afternoon to speak on behalf of the Coalition for Human Needs and to request that you consider the matter very seriously. We understand that there will be some meetings tomorrow morning with the City Treasurer to get information concerning the budget and thereby discussing what possibilities do exist for you to deal with the problem that is before the City. We understand also on Wednesday morning you will be moving to take some action as a result of some of your findings tomorrow.

I think today, being reasonable people, we will not face you with a number of questions this afternoon which you may

not be able to answer. I think it is in our best interest and your best interest that we all wait until later this week, possibly Wednesday afternoon, when we can have a public hearing where we can discuss with you and you share with us, your findings as to what information and what type of actions you plan to take. Then, at that time, the citizens can respond, agree or disagree or whatever when they find out how Council is going to deal with this problem.

Thank you.

The Chair:

Thank you, Mr. Stevens.

Is there anyone on the floor who wishes to raise a question?

Any Councilman?

The Chair:

Mr. Stevens, I think that this intent of Council was brought forth by Council's own action by two resolutions introduced by Mr. Caliguiri and Mr. Shields. Let me read for you a part of that request for a Certificate of Emergency:

"when, on a certificate signed by the Mayor and Controller that such emergency exists, a special appropriation may be made to meet the same."

Mr. Stevens:

So, as I understand this afternoon, Council will be meeting in a special session on Wednesday morning and at that time, may be able to answer the questions.

The Chair:

Yes, but in the absence of the figures, we can't say in what areas we will be able to do what until we have had a chance to study the figures.

Mr. Stevens:

How much time do you need or how much time will that take?

Mr. Michaels:

Mr. President, may I just say this. Council can deliberate the problem, but I think you understand, Mr. Stevens, that a Certificate of Emergency signed by the Mayor has to be presented before we can actually do anything.

Mr. Calliguri:

Tim, we don't know how much time it will take because we don't have or know just where we can get this money from until we have had a look at the budget figures and see where we can get this money.

Mr. Lynch:

Mr. President, might I suggest to Mr. Stevens that our Wednesday morning Finance Committee meetings are open to the public and if they so desire they are welcome to come to that meeting and sit in and listen.

The Chair:

Mr. Stevens, after we have our meeting, then we can set a date for a public hearing.

Mr. Stevens:

Thank you, Mr. President and members of Council.

Mr. Calliguri moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Calliguri moved

That the Minutes of Council, of Monday, March 26, 1973, be approved.

Which motion prevailed.

And on motion of Mr. Calliguri,

Council adjourned.

MOTIONS AND RESOLUTIONS

Miss Ballinger:

On July 10, 1958, the then Governor of Pennsylvania signed Act 339 into law requiring all authorities to submit a report at the end of every six-month period to the municipality, containing the names, positions, and salaries of all employees. Such legislation, as we are well aware, is in compliance with the the People's Right to Know.

Allow me, if you will, to cite some reasons why there should be strict compliance with this law:

1. Occasionally top authority staff members aided by acquiescent board members tend to become so impressed with their importance that they manage to wangle their salaries to approximate the Mayor's;

2. Since the Mayor appoints the board members of all City authorities, a potential resource for favoritism exists; and,

3. With little or no public scrutiny authorities tend to become overstuffed.

In the past Pittsburgh has developed a nationwide reputation for the quality of its authorities; and under the expert and dedicated leadership of several former mayors these authorities made the renaissance a reality. But in recent years a cloak of secrecy seems to have blanketed them.

Normally it should be the responsibility of the Chief Executive of our City to oversee such compliance with the law. This our Mayor apparently has not done; therefore, as an advocate of the People's Right to Know, and in compli-

ance with state law, I move that City Council inform all City authorities by official communication, who have not complied with the law, that such reports for the year 1972 be sent to the office of the City Clerk by the end of the working day, Friday, May 4, 1972; and further, that the City Clerk be directed to place such reports in an appropriate public location for citizen viewing.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council of Monday, April 23, 1973, be approved.

Which motion prevailed.

And on motion of Mr. Calliguri,

Council adjourned.

(As amended in Committee).

Which was read.

Mr. Michaels:

I should like to speak to Bill No. 1974, Mr. President.

Bill 1974 deals with certain contracts entered into by the City of Pittsburgh with various cultural programs in the City of Pittsburgh providing the City with certain services such as art classes, drama classes, dance performances, etc. If you will consult the bill you will notice it was amended to strike out the words, "Three Rivers Art Festival," because apparently the City of Pittsburgh saw fit to treat this with the Wallace Ordinance to provide them with some \$4,400 in front, before granting the other programs—worthy programs—funds for ongoing functioning, the Three Rivers Art Festival now being behind us.

I would like to remind Council and the City, generally, the Mayor refused to allow a grant to this organization the past year. I think this shows a tremendous amount of inconsistency on his part. I see nothing wrong with an organization applying to the City of Pittsburgh, asking for a grant, or entering into a contract. They can state in advance what they will perform and when they will perform, as does the contract. It seems to me the chief administrator, the Mayor, is saying, "It is exclusively within my province to advance these grants and City Council may never, in any way, shape or form, enter into such a matter."

Now, we will act on this bill and I will join the rest of Council in approving this bill. However, I would hope that when he is remiss and fails to recognize worthy organizations in the City of Pittsburgh and City Council sees fit to grant this, he would give up the same recognition.

Mr. President, the Wallace Act, will that be a special bill before us? When will we vote on that?

Mr. Caliguiri

That was introduced earlier, this morning during presentation of papers.

Mr. Michaels:

So, we act on that next week?

Mr. Caliguiri:

Yes.

Mr. Mason:

Was the original allotment of \$8,500.00

check to the Three Rivers Art Festival in 1972 ever cashed?

Mr. Michaels:

It was never cashed because it was never extended.

Mr. Calliguri:

The check was never sent to Three Rivers Arts Festival so therefore, it was never cashed.

This bill we are presenting, and that we will subsequently vote on, is for band concerts. The Band Concerts were performed at Three Rivers Arts Festival last week so we had to remove that amount from this bill and act on the rest. The \$8,500.00 you're talking about has nothing to do with this bill, and it was never sent.

Mr. Mason:

It was a discretionary decision on the part of the Mayor's office. As I recall, Mr. Michaels was Chairman of the Finance Committee when that was made and I merely asked if that \$8,500.00 check was forwarded, and it was not. I didn't mean to confuse the issue.

MOTIONS AND RESOLUTIONS

Mr. Shields:

Mr. President, I would like to suggest that we, as City Council and as a matter of expediency and good accountability of Revenue Sharing Funds, ask the Mayor to, on a monthly basis, submit to us the balance involved in that fund and projected plans for future use of it. If we are going to participate in the progress of our City, we should know this and have the information at hand from month-to-month, because these bills are coming through so fast,

it is hard to keep up with it and I think it is important for us to have this information to help us do the best job we know how.

Mr. Caliguiri

This past week, Mr. President, we have seen an alliance between labor and industry trying to encourage new business to move into the city. I believe Mr. Bud Luty is part of it and I don't recall the other two gentlemen, but I feel, and this should be in the form of a motion if I may, we should let this group know we stand ready to help them in any way they may need our help. They have a committee and I plan to meet with them to encourage industry to relocate into the City and keep those jobs we have by encouraging industry already here, to stay. In the form of a motion, then, I move we let them know by letter that we stand ready, willing and able to help them in their efforts.

Which motion prevailed.

Mr. Stone

I think he is talking about the situation where business and labor are forming a joint Council. It is a joint Labor-Management Greater Pittsburgh Advisory Council and I wholeheartedly join in commending them on what they are trying to do and I think this Council should go on record as well, as willing to do whatever we can to aid and assist them in any way to aid this City.

Which motion prevailed.

Mr. Stone

Mr. President, since I have been on Council, since February, and in the last three weeks, I have come across something that I think has been going unnoticed and it is about time it now becomes noticed. From what I can gather, for example the project in the Southside Arlington Recreation area, when the bill came through, reimbursement was to come from the State of Pennsylvania, Department of Community Affairs, Bureau of Recreation. It was represented to Council that we would be reimbursed, that is, the City would be reimbursed, and as I understand it, that project was to be \$90,000.

Thereafter, as I understand it, as it was represented to me and to Council

when asked questions of Mr. George, the local community changed that decision. I have since received a letter from the Department of Community Affairs indicating that in October or November, the City had, itself, withdrawn that item from reimbursement from the State of Pennsylvania. I have since learned that the community was voting as late as May 7, 1973 to make changes from the original tennis court to what it is now.

With regards to this, I am trying to emphasize the point that I think is in line with what Councilman Shields has mentioned. I would like to have some sort of list of all those items initially presented to Council from the Department of Parks and Recreation which were to be State reimbursed, which were represented to Council to be greater in sum because of the State reimbursement, for instance, the \$90,000 for the Arlington site.

Maybe I'm wrong, but I do know, not once, at least since I have been here, that there has been any change in the amount — for instance that it was less than \$90,000 although Council had voted initially to authorize the City's portion and the State portion would total something like \$90,000—that we have been notified of that change. It may have been a proper decision to change it but any objection is this. When does it come back to Council so that Council knows it is no longer a \$90,000 project as represented to Council and is now something

less than that amount?

With that, I would like to move that we ask the Department of Parks and Recreation, the Director, to provide us with a letter showing all items initially presented to Council to receive reimbursement from the State and what if anything was done to change them from what they were represented to Council to be.

Which motion prevailed.

Mr. Kamyk moved

That Mr. DePasquale and Mr. Lynch be excused for absence from this meeting.

Which motion prevailed.

Mr. Calliguri moved

That the Minutes of Council of Monday, June 4, 1973, be approved.

Which motion prevailed.

Mr. Kamyk moved

That this meeting be adjourned and the next Legislative meeting of Council meet again on Monday, June 25, 1973, at 2:00 o'clock, P. M. (D.S.T.).

Which motion prevailed.

And Council adjourned

MOTIONS AND RESOLUTIONS

Mr. Shields:

Mr. President, I would like to call Council's attention to Bill No. 2123 for which I voted and particularly to Section V which requires the City to fully comply with the implementation of Federal requirements. There are three numbers there and Title VI of the Civil Rights Act, applicable laws relating to Equal Employment Opportunity and Federal Labor Standards imposed under Title VII of the Housing Act of 1961.

Being aware of the division of our system of checks and balances and being also cognizant of the fact of our responsibility of legislative extent a little beyond the legislation as being a part of the checks and balance system, I feel that perhaps we have been a little remiss in determining whether

or not our City is implementing through its Executive Offices, the requirements of Federal, State and local laws.

I would therefore move, Mr. President, that on each project that we initiate and particularly those at the requirement level, and aimed at local compliance and by the Federal Government, a record showing as reflected by Section V, A, B and C, submitted by the Executive Branch, an explanation to us and to the general public in what way the compliances and these requirements are being met.

The Chair:

What you are asking, Mr. Shields, is that in Section V requesting that the Executive Branch, through its appropriate resources, report to City Council as to the applicability and credibility of everything up through those five sections referred to.

Mr. Shields:

And, really to make it even more concise, is what assertive of compliance, with an explanation therefore, from the Executive Branch.

The Chair:

You are asking the present administration?

Mr. Shields:

That's right or his department heads.

Mr. DePasquale:

Isn't the Executive Branch required to do that by law now?

The Chair:

Mr. Shields feels that there is a gap in their performance in reporting it to Council. But we have a responsibility to see that these laws are lived up to.

Mr. DePasquale:

In fact, Mr. Shields wants a guarantee?

The Chair:

No, he wants to make sure that the laws are lived up to.

Mr. Michaels:

It appears to me, with this type of action, that we have a Commission on Human Relations that would be dealing with effectuation of the Civil Rights Act. While

I agree with the principle of Mr. Shields, it occurred to me as he spoke that this Council never hears from the Commission other than once a year and that's at budget time when they come in to make a request for funds. In fact, I read somewhere where the Executive Director had resigned and they now have an Acting Director. But it seems to me and I have found, that work of this kind ought to be the work of the Commission. This Commission seems to be on some kind of hiatus and we really don't know whether they are active. I think if we would meet with the Commission as a whole and let them bring before us their problems and we could see what their challenges are and what direction the City might take with regard to compliance by the Commission of reports that are contained in this Bill.

It may be parenthetical with regard to the motion on the floor, but I think we have to recognize that the City has, for many years in the past, had a Commission which was recognized throughout the country with some great distinction. I don't see that now, and we just don't hear from them anymore. I think it's time he made himself better known to us and we to them and see if we can't bring about better government.

Mr. Shields:

I have no disagreement with what Mr. Michaels has said but I know that we had better pick it up right now so as not to create an even bigger gap.

The matter of the problems with the Human Relations Commission, I think we should take up. But in the meantime, I think we should take up the slack.

The Chair:

I was going to indicate what Mr. Michaels had said but I would use the resources, whatever the Executive Branch had and I would like to say this. I talked very briefly with the Finance Chairman back in September or October and I said that it was odd that in the last two years the Commission had not made and/or presentation for the budget. I have raised the question with the Commission itself with the quarterly reports. I got no response and no member of the Commission came before this Council, yet they got an increase in their budget.

During my time as Executive Director, we had a Compliance Officer and consequently was broadened to where they used to go on and talk to directors, architects or whatever labor was involved. So, what Mr. Shields is trying to say is let's pick up the slack.

Which motion prevailed.

The Chair presented

Bill No. 2209. The Mayor and the members of the Council of the City of Pittsburgh join the many friends and associates in the mourning of the untimely death of Louis J. DeAngelus, driver of the Salvation Army Emergency Mobile Canteen.

For many years there was no tragedy in Pittsburgh that was not attended by this emergency vehicle for the comfort and relief of those involved, police, firemen, waterline repairmen, flood relief workers, etc.

Mr. DeAngelus devoted the last seven years of his life to this meaningful service and died on the Parkway en route to a traffic disaster.

Mr. DeAngelus was a dedicated public servant, a devoted husband and father of eight children.

NOW, THEREFORE, BE IT

RESOLVED, That the Mayor and the members of City Council express their deepest sympathy and condolences to the family and friends of Louis J. DeAngelus in their hour of bereavement and that copies of this reso.

lution be sent to the immediate family.

Which was read.

Mr. Caliguiri:

Mr. President, I would just like to say with regard to Mr. DeAngelus, that I hope we can find somebody once again with the ability of Mr. DeAngelus who performed many duties for the City of Pittsburgh. It is not very easy to find people like him these days to perform this type of duty so willingly and I second the motion in commemoration of Mr. DeAngelus.

Which motion prevailed.

Mr. DePasquale moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council, of Monday, June 11, 1973, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

Also,

Bill No. 2119. An Ordinance entitled, "An Ordinance VACATING a portion of Bigelow Boulevard, hereinafter morer fully described, in the Fifth Ward of the City of Pittsburgh."

Which was read.

Mr. Stone:

Mr. President, if we are going to vote enmasse, may I ask that Bill No. 2119 be excluded?

I am reading the whereas clauses with regard to Bil No. 2119 and I would want additional information. It would appear to me that something doesn't exactly seem corrcet. I am directing now your attention to the third whereas paragraph where it states,

"WHEREAS, the General Tire and Realty Company has requested the vacation of a portion of Bigelow Boulevard to improve the marketability,

and this is the part that bothers me

"since the present structure presently encroaches in an unused portion of Bigelow Boulevard;"

It would appear to me, they are encroaching on the property and without some additional information, I think it should be looked into further. Now, it may end up alright but with the limited facts we have here . . .

Mr. Michaels:

I believe that General Tire is willing to compensate the City in the amount of—the fifth WHEREAS indicates the amount of money to be offered for the said vacation. They have been in the same place for many, many years and probably the present owners are not responsible for that encroachment but it is one of those things that happen. The \$900 will compensate for the vacation of the property, the description of which is given in the last paragraph. I believe it is properly identified and the owner can go about doing what he wants with his property. The encroachment does and has existed for

so many years.

Mr. Mason:

Did we not have a small hearing where there were no protestants to the vacation relative to this little piece of ground which is a tiny strip on the map?

Mr. DiNardo:

Yes, we did. The City of Pittsburgh also has a waiver attached which accompanies all vacating ordinances.

(Which was read.)

Mr. Stone:

The point I am taking exception to, apparently there is an encroachment. I don't know how much that encroachment is and that is the point I am making.

Mr. Michaels:

I think it is described.

Mr. Stone:

It doesn't say how much.

Mr. Michaels:

The encroachment is the amount of property they wish to purchase. It is described in the last paragraph.

Mr. DePasquale:

Doesn't it state that this is 30 feet, which I believe is what Bob is concerned with?

I am concerned with the length of time the encroachment has existed.

Mr. Mason:

I have no idea and in the public hearing, it did not come out.

Mr. DePasquale:

I would agree with Mr. Michaels, that it has probably existed for some time.

Mr. Stone:

The property is 17.7 feet on one side; 32.21 on the other side; 30 feet on Bigelow and goes back 35.50 feet.

If Mr. Michaels is correct, the entire 30 feet has been an encroachment. It seems to me they have been using City property for all these years. It makes no difference if you inherit it, you are inheriting all the problems with it. They have a building on top of a property extending now 35 feet and if we don't vacate it, they have to remove their building and \$900 seems a small

amount to pay for the privilege.

With the limited information we have before us at this point, without knowing any more than we do, the ordinance itself stating there is an encroachment, without additional facts, I think it leaves something for us to look at.

Mr. Mason:

Even in light of the waiver?

Mr. Stone:

It certainly leaves something for me to look at.

Mr. Lynch:

Ms. Ballinger, are you satisfied, as Chairman of that committee?

Ms. Ballinger:

Yes, I voted for it.

Mr. Lynch:

Then, that satisfied me.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Last Wednesday, as you recall, we had Jim Williams of the Chadwick Civic League and Stephen George meet to work out a solution to a problem relative to the Recreation Building. That meeting has taken place, which I chaired, and both parties got together and came to a compromise and agreement, and Chadwick Civic League will be permitted to use one of the rooms in the Recreation Building.

The reason for me standing up, I would like to put in the form of a motion that a letter be sent out praising the Chadwick Civic League for their long and hard work and efforts to raise the kind of money they had to raise to construct this building, and then turn the building over to the City as they have done. This endeavor should be recognized as an example as to what can be done when citizens get together with government, and what can be done through tireless efforts of citizens groups.

I would be happy, Mr. President, if approved, that a resolution, in written form, be put in the record and sent out to the Civic League.

Mr. Stone:

I think we ought to place in the record, since this is not a small gift, it amounts to \$177,000, and I think that figure ought to be inserted in the resolution.

Mr. Lynch:

I'm not sure of that figure. The City of Pittsburgh put up \$30,000 but Chadwick raised \$177,000. How much came from Mel. lon?

Mr. Caliguiri:

I don't know the breakdown but Chadwick raised the funds through foundations. Certain funds were given to them by individuals as well as foundations.

The Chair:

They pursued it for almost seven years and none of the agencies were going to give it to them if they had not pursued it.

Mr. Lynch:

If we are going to give an accolade to the community for the amount they raised, that is no small amount of money, why not just give the club credit for the hellulva job they did do because you may offend someone by giving them the full credit?

Mr. Caliguiri:

Not at all, Mr. President. The Chadwick Civic League went out and raised the money. Where they raised and how they raised, is not important. I recognize, of course, certain foundations did give them money based on the community's willingness to extend themselves and based on the integrity of the organization and that is why the foundations put up this money. I would say not every community can go to a foundation and raise funds. They have to prove themselves and Chadwick Civic League did. In any event, it came from them to the City of Pittsburgh. The foundations gave the money to Chadwick Civic League and they turned it over to the City of Pittsburgh.

Mr. Michaels:

Since he is offering the resolution, perhaps he would like to put it in a more formal manner, present it at our next meeting, and we can vote it up or down at that time. This way, you are offering a resolution for us to vote on. It may work to advantage or disadvantage of this council. I would suggest that.

Mr. Caliguiri:

My motion was to put a resolution in and if Council approves, I would put the resolution together.

Mr. Michaels:

You have to have something. You cannot move a resolution be entered. You enter the resolution. You cannot say, to enter a resolution. You move the resolution, itself.

Mr. Caliguiri:

Mr. President, I will put a resolution together. I will present it to my colleagues for their approval or disapproval and I sure hope we do not disapprove something like this on a technicality, believe me.

The Chair:

For reasons of my own, may I make a suggestion. Whatever agreement was drawn up between the Department of Parks and Recreation and Mr. Williams, I suggest it be put in writing. Can we get that on record? Will Mr. George buy that?

Mr. Caliguiri:

I'm sure it will be okay.

This is the first time an organization has ever been able to raise this amount of money in the history of the City of Pittsburgh to construct a building. It is something that is of concern and as I said before, the key is to show other neighborhoods an example of what can be done with tireless efforts of people who live in that community who go out and do a little bit on their own and they should be given a pat on the back, no matter how that resolution takes place.

Mr. Stone:

Is the mover of the motion renewing the motion to pass that resolution presently?

Mr. Caliguiri:

No, I am not doing it now. I will put it in writing. The resolution is now in. It has been copied down by the Stenotypist. Let's let it stand as is. I will then put it in, the resolution will then be written out, to be sent to Chadwick Civic League.

Mr. Kamyk:

Mr. President, I think this whole conversation about the resolutions is out of order. Number one, there is no resolution before us.

He only made a motion to present a resolution. Mr. Caliguiri should have a resolution prepared and introduce the resolution as a member of City Council so we can act on it. Therefore, there is no resolution before us and all this being done now is of no use.

Mr. Caliguiri:

We will have a resolution ready on July 6th.

The Chair:

I repeat, I would want the agreement between Parks and Recreation contained in a written document and I want to see it in black and white.

Mr. Caliguiri:

Mr. George assured me it was an acceptable arrangement.

The Chair:

I wouldn't care about Mr. George. I want to see it written out.

Mr. Caliguiri:

Mr. George just walked in so he is aware of your wish.

Mr. Kamyk moved

That this Meeting of Council recess until Friday, July 6, 1973, at 10:00 o'clock, A. M. (D. S. T.).

Which motion prevailed.

And Council recessed.

Pittsburgh, Pa.

Which was read.

Mr. Caliguiri:

Mr. President, before I give my vote, I want to speak for a second to Bill No. 2231 regarding the 22 refuse trucks we are going to approve for payment. As was mentioned on Wednesday, this supplier was not the low bidder, but the second low bidder. Because of 15 days—the contract stated delivery in 75 days which the low bidder could not, but in 90 days could have delivered—because of 15 days, this could have cost the City \$25,000. I would ask at this time that a letter be sent to all department heads that in the event a bid is not awarded to the low bidder, that Council be apprised of the situation before these bills come before us for payment. We ought to know why the low bidder is not receiving the award. This in-

formation should be on our desks before a contract is signed.

It could have cost the City additional money for just 15 days delay, so I would again ask that a letter be sent out that if the low bidder is not awarded the contract, Council be alerted as to the reason and that Council has the opportunity to approve same.

Mr. DePasquale:

Mr. President, I understand or I was under the impression that the City did have to come up with \$25,000 because of accepting the next lowest bidder.

Mr. Kamyk:

They penalized Keystone Truck Company and this is the full settlement of that claim.

Mr. DePasquale:

In other words, it didn't cost the City one cent over the bid?

Mr. Caliguiri:

No, but it could have.

Mr. Mason:

This could have meant the original low bidder would not have been the low bidder.

Mr. City Clerk, will you see that a letter is sent out and a copy put on each Councilman's desk.

Which was read.

Mr. DePasquale:

I vote Aye on all bills except Bill No. 2221, on which I am voting "No."

We are going to have the flower display in the lobby and not at Phipps Conservatory and if that is so, \$45,000 is a waste of money and we should not be wasting taxpayers' money.

Mr. Lynch:

"Aye" on all bills and "Abstain" on Bill No. 2221.

Mr. Michaels:

"Aye" on all bills and "Abstain" on Bill No. 2221.

It seems to me what we need to know from Parks and Recreation is whether they will continue to have the Spring and Fall Flower Shows at Phipps or one in the City-County Building and one at Phipps. Once we have this kind of information before us, then we can determine what capital improvements should be made at Phipps Conservatory and I would like to see the bill held until we can see what it is going to be.

Mr. Caliguiri:

Phipps Conservatory has a number of rooms that are permanent facilities. The Japanese Room happens to be one of them. The reason for this expenditure is to rehabilitate that facility which will exhibit all year long. It is not relevant whether the flower show is down here or out there, although I do say I would want the flower show to be held in Phipps Conservatory where it should be. Whether they are going to give us that satisfaction, I don't know, but this expenditure is for that permanent room. It must be done, otherwise we are going to have problems with that room and this is the reason I introduced the bill.

I must agree with my colleagues, the flower show is best exhibited at Phipps Conservatory, but this expenditure of these funds, Mr. Michaels and Mr. DePasquale, is for

that facility where people can visit all year round.

Mr. Michaels:

Everytime I pass a bill to spend money, I have to be reminded the median income of people who reside in Pittsburgh is something like \$8,000 and those people making \$8,000 a year are predominantly the ones who pay for those facilities. I am also aware that the number of people attending or entering Phipps Conservatory is the barometer as to the validity for the expenditure. If we, then, recognize that the peak attendance is at the Spring and Fall Flower Shows and withdraw that number of people from walking through that building, then it becomes less and less a justified investment.

I understand it is a permanent exhibition that will be seen throughout the year. However, I would presume something like 20 per cent of the people who go through the Conservatory annually, go at the time of the flower shows, is that not correct?

Mr. Caliguiri:

I don't know what that figure is.

Mr. Michaels:

Based on figures the Administration supplied as to who saw the show in the City County Building, that investment is only 80 per cent as good as it was a year ago. I think the bill ought to be held until we find out from the Administration where they are going to have the Fall and Spring Flower shows.

Mr. DePasquale:

I beg to differ with my colleague. I believe over 50 per cent is at the Fall and Spring Shows. Phipps Conservatory is poorly attended throughout the year and this \$45,000 investment is a poor investment. Not that many people go to Phipps throughout the year. Now, it may be, when it was in the lobby, some people may think Phipps Conservatory is closed. Some people question whether we have a Phipps Conservatory and I think this would be a poor investment, and I vote, "No."

Mr. Michaels:

Twenty (20) per cent, Fall, and 40 per cent Spring.

Mr. Caliguiri:

You cannot base it on that because the

same people may go to both shows. I realize the bulk of the people who attended Phipps Conservatory attend for the Spring and Fall Shows but we also have an Easter Show and a Christmas Show so there are a number of exhibits put on throughout the year.

I might remind my colleagues, Phipps Conservatory is not one of the finest, but the finest flower exhibition hall in the world. We get people from all over the world coming here and we should be proud of it. I don't want to see the bill defeated because this money is being used to continue the use of that facility. I reiterate, the Flower Show should be at Phipps and if you wish to hold the bill until we find out where it will be held in the future, we can do that, but I don't want to see the bill defeated because the expenditure is necessary.

Mr. Michaels:

I want to know where the Fall Flower Show is to be held.

Mr. Caliguiri:

I then make a motion that we recommit Bill No. 2221 until I find out where the Fall Flower Show and Spring Flower Show are to be held.

Mr. Mason:

The bill is up for final action and it may be that the time for recommitment has passed, Mr. Caliguiri.

Mr. Caliguiri:

I believe as long as the bill did not pass, we can recommit it, and based on that, I would ask the bill be recommitted until I get the information my colleagues desire.

Mr. Stone:

I vote "Aye," to the bill and I would like to speak to the subject, if I may. It would appear to me we are losing our sense of values for a moment. I think the tenor of the objections here seem to be we should not have a flower show in the lobby of the City-County Building. In order to frustrate that particular event, what we are doing is denying the source, which all parties here, it seems to me, feel should be, and the flower shows should take place at Phipps Conservatory.

I feel this money should be spent there at Phipps Conservatory. It appears to me that what everybody seems to be saying on a

general basis is that that is where the flower show should be.

It would also appear to me that Phipps Conservatory, as Mr. Caliguiri has indicated, is one of the finest functions we have in this City and it is well known that there are many people who agree with City Council that the flower exhibition should be at Phipps Conservatory.

These funds are to be spent there and I wholeheartedly agree that it should be done. If my colleagues feel there should not be any flower show in the City County Building at the expense of Phipps Conservatory because of the extra expenditure in view of the taxpayers, I might agree. But, I do not think this is the bill we should register our objections. Rather, the objections should be to any expenditure providing for the flower show to be in the City-County Building Lobby. With that, I reluctantly vote "Aye" although I think the bill should be passed. I am really in favor of the bill as presented.

Mr. Michaels:

Legislative process allows City Council to advise or give direction to the Administration through the passage of its budget or various ordinances that come before us. Any other fortuitous help we give to the Administration, they can accept or reject at their pleasure. Therefore, when a bill comes before us relating to a facility where we believe administrators are not making adequate use of that facility, I believe it is incumbent upon us, and becomes our responsibility, to show our pleasure or displeasure at that time. I think this is the proper time to inform the Administration that we believe funds expended for that facility ought to require the facility be used to its maximum capability. To pass this money and allow the administration when they shall hold or where they shall hold their flower show denies the legislative process of City Council. That is why this is the proper time because when we have the director before us at budget time, too often we do not work with the director in the accomplishment of our procedure. We pass the budget on a whole basis rather than a line-by-line procedure and we are not getting for the taxpayer his money's worth and I think this is the time to speak to the bill

Mr. DePasquale:

If I may direct a question to Councilman Caliguiri, in the past, Mr. Caliguiri, when we had the Spring and Fall Flower Shows, was the Japanese Garden part of that dis-

play?

Mr. Caliguiri:

Yes. It then became part of that display.

Mr. DePasquale:

Therefore, it becomes important to know whether it is being held in the City-County Building Lobby or at Phipps Conservatory. Then, you are spending money twice and it becomes ridiculous, regardless of what Councilman Stone says. If it is going to be held in the lobby, I will never vote for money to go into Phipps Conservatory. If we are going to have the show at Phipps Conservatory, I will go along with it.

Mr. Caliguiri:

Mr. President, I might remind my colleagues, without Phipps Conservatory, there can be no flower show any place because the plants are grown at Phipps and we do need that facility. However, we will recommit, and I will then ask a letter be directed to Director George to appear before us to let us know where the show will take place in the Fall.

Mr. Michaels:

Mr. Caliguiri's comment about Phipps Conservatory being used as a nursery for growing flowers makes me question whether we need a \$45,000 improvement to use a facility for a nursery. We direct funds will be spent making it into an exhibition hall. That is a direction most of us would like to see it take, to have more and more a gracious reception, not purely just a nursery to grow the flowers and then move them Downtown.

Mr. Mason:

Are all comments in?

The Chair would like to exercise the prerogative of speaking to the bill because I think in terms of two opposing points of view that we are put in the position of saying we would see the Japanese Garden destroyed because of inadequate care.

I am going to vote "No" on the bill because I think it is important to maintain that Garden.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Caliguiri presented

Bill No. 2266. WHEREAS, the Chadwick Civic League, a non-profit community organization, through its persistent effort over the past seven years raised from voluntary contributions approximately \$180,000 for the construction of a recreation building; and

WHEREAS, said funds were unselfishly turned over to the City of Pittsburgh to be placed in a special trust fund to construct the recreation building and there by making the City owner of the building; and

WHEREAS, the newly constructed recreation building can now be enjoyed by all people in the community for recreational activities, meetings, community programs, etc.; and

WHEREAS, without the effort of the Chadwick Civic League said recreation building might never have been constructed and made available to the community for these activities.

NOW, THEREFORE, BE IT RESOLVED

That the Council and the City of Pittsburgh applaud the Chadwick Civic League for their unselfish efforts and example they have set and commend them for their concern and faith in their community in making it a better place in which to live.

Which was read.

Mr. Caliguiri moved

The adoption of the resolution.

Which motion prevailed.

Mr. Stone:

Mr. President, I rise to a point I had mentioned before and would like to mention again. My issue here is Council's right to know. Mr. Caliguiri, just in his motion previously, requested notice to Council be made by Departments in the event the low bid is not accepted. I think the essence of his comment is really that there should be notice to this Council; that any ordinance presented or action represented to Council subsequently changed, there should be notice to Council.

I previously requested the Parks and Recreation Department to notify us relative to some bill which came to this Council in which it was represented to this Council that we would be reimbursed by the Pennsylvania Department of Community Affairs in the

amount of 40 per cent. Later, some of those projects have been changed and without notice to Council.

Really, in effect, I am saying there should be notice to City Council of any change of ordinance, expected action, or actions which have been represented to this Council. I feel certain there are many other instances where there have been changes from that represented to Council in its final action.

I wish to state from the outset, my comments are not intended in any way to frustrate or hamper any attempt within the best interests of this City but I feel this Council has a right to know and has a responsibility to protect the City's responsibilities and if there is any information or action or changes which this Council has reason to expect or can expect because of customary ways it has been done or represented to this Council to be done a certain way or involving certain expenditures or involving a certain scope of work, if that is later changed, Council ought to know and ought to have a right to reevaluate it based on that change or at least to find out where the best interests of this City lie.

I therefore move that all Department heads be informed that henceforth any changes from that action represented to Council and from what they propose as any prospective change on final action, that Council be immediately notified as soon as that change is contemplated or proposed and indicating that exact change, so we can estimate whether it is time to reevaluate or whether that is the kind of change Council would have in mind.

All this I do with the idea, Council has the right to know.

Mr. Caliguiri:

Earlier, I requested a letter be sent to Department heads asking them to alert us if anyone other than the low bidder is given the contract. I should say, Mr. Stone's comments are appropriate and they could be added to that letter, that not only the low bidder but also changes in the specification, we should know.

Mr. Stone:

In effect, that is what I am saying. I think my motion is broader. I would like to encompass it into all changes other than what Council has been represented to understand, if it is in order to do so at this time.

Mr. Kamyk:

I am satisfied with the original motion which we passed, by Mr. Caliguiri, and I

think Mr. Stone's motion is unnecessary, and therefore, I am voting, "No."

Mr. Michaels:

Could we have a restatement of the motion, the latter part of your motion, please?

Mr. Stone:

May I just state, as I understand Mr. Caliguiri's point, it is not a motion but rather a letter. His statement is narrow in that whenever there is an acceptance of a bid other than a low bid, Council be notified and I believe that is the full extent of his motion.

Mr. Caliguiri:

And, the reasons why.

Mr. Stone:

Right, and the motion I am proposing, I had indicated earlier, relative to a project on the South Side where there was to be reimbursement of State funds involving 80 per cent and \$72,000, in that case, it had nothing to do with low bid and was of a different subject matter.

Mr. Caliguiri's motion might be also covered by my motion but it does not cover the full scope I am proposing.

What I am saying, Council, in its responsibilities as legislative body, department heads represent to us certain action to be taken and as they represent it to us, we rely upon that in our decision making. But, there have been changes: one, as I have indicated, by the Department of Parks and Recreation, a project on the South Side to be reimbursed by the Department of Community Affairs of the Commonwealth of Pennsylvania. Now, it is not \$90,000 but something like \$30,300. It would appear to me, to my knowledge, since I have been on Council, no one else knew, at least as a body, that change was made. It was never brought back to Council.

With that in mind, I make the motion, if there is any action taken which covers any changes other than the ordinance as presented to Council, which includes low bids or any other matter from which there may be a change of course in the actual scope of work other than what Council originally contemplated, that Council be notified.

I am at a loss as to why my colleagues should not support this particular position. I think Council has a right to know. Here is where we are passing on bills. We don't have an opportunity to reevaluate. It seems to me what I am saying makes a great deal

of sense and therefore, whether it passes or not, the motion is as follows:

I move all department heads be informed that henceforth any changes from what is actually proposed at the time of presentation to Council of any bill, and based on that ordinance, any change from expected action and that represented to us at the time the bill is presented and the time we vote, any change from that time in the scope of work, outlay of money, or any other matter, that Council immediately be notified of that change and that Council have the right to reevaluate its position based on that proposed change. Council has a right in the checks and balances and its right to oversee to make inquiry into whether or not it is in the best interests of the City for that change other than what Council had originally approved initially and has a right to make the decision as to whether that change should or should not be made.

Mr. Caliguiri:

The City Clerk has informed me, Mr. Stone, that enabling legislation is already in existence, so I would ask him at this time to explain.

Mr. DiNardo:

In my experience, when Council passes enabling legislation, the only way that legislation can be changed is by amendment or another form of Council action and no director or any person that works for the City or serves the City can change that legislation unless they come back to Council.

Mr. Stone:

That is my point, that unless we are informed, we don't find out about it. Council doesn't have the staff. The right to know is the whole tenor of my comment at this point and if there is some change, we ought to be notified and have the doublebarrelled effect of looking at it as he or she is being required to notify us and that is the reason for the motion at this time. I think we ought to be informed of the changes. At least I feel it is my responsibility as a legislator, City Council, City of Pittsburgh, and I would like to know of any changes made after I have passed on something.

Mr. Kamyk:

Mr. President, I agree with Councilman Caliguiri's motion because of what happened on that bill. However, I agree with the City Clerk that when we pass enabling legis-

lation or any legislation in City Council that is approved by the Mayor, or we override his veto, then it becomes law and the department head is responsible to comply with that law and if he doesn't, then he's wrong.

Mr. Michaels:

Mr. President, I believe Mr. Stone shows proper apprehension about administration people to carry out the intent of legislation. However, the motion creates some confusion as to what the rights of an administrator are and I wonder if we ought not work with this in committee and caucus to develop what our procedures ought to be for assuring legislation is carried out. I'm afraid this legislation may in some way further confuse the issue. I think Mr. Caliguiri brings up a valid point that anytime a contract is awarded, there has to be justification for that and notification of Council. I believe legislation passed by Council is misinterpreted and full responsibility falls on that administrator. The problem we have is to see how do we see to it that legislation is carried out. If we have inadequate staff, then we ought to provide ourselves with the staff, rather than try to reinforce our position by such motion as Councilman Stone recommends.

I highly agree, as Councilman Stone has pointed out, there has been some diversion from certain legislation but I think we ought to find out a more positive way the will of Council can be carried out, rather than by order of this motion.

Mr. Stone:

Mr. President, since I am a new Councilman this year and since I would like to know and since I find it my responsibility to know, I feel I am duty bound to renew the motion, or I would not have made the motion if I did not feel so strongly about it.

Mr. Caliguiri:

I would never deny my colleague the right to know and therefore vote "Aye."

The Chair:

The Clerk will call the roll on the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes.—

Mr. Caliguiri
Mr. Shields

Mr. Stone
Mr. Mason (Pres't).

Noes.—

Mr. DePasquale Mr. Lynch
Mr. Kamyk

Ayes 4 — Noes 3. (Miss Ballinger absent;

Mr. Michaels not voting)

And there not being a majority of the elected members of Council in the affirmative, the motion was defeated.

The Chair:

For a posture position, I thing Mr. Caliguiri's motion still stands? That was passed and this motion had nothing to do with Mr. Caliguiri's motion. That one still stands.

Mr. Mason:

Is there any other business?

Mr. Michaels:

Earlier this week, the Pennsylvania State Supreme Court chose to find the Parking Tax of February 1970, illegal and unconstitutional and placed a certain additional hardship on the City of Pittsburgh, if there is a refund to be made. It is my understanding that the Law Department of the City of Pittsburgh will take certain additional action necessary to try to save the law and the income issuing from it.

However and unfortunately, City Council, which is the responsible body for having initially passed that law and as the tax levying body of the City of Pittsburgh, has received no information to date from the City Law Department. It would seem to me that the Law Department ought to supply City Council, in writing, with whatever information it gained from its appearance before the Supreme Court so City Council might have some better understanding of the law in its future deliberations about the Parking Tax; also that the Law Department ought to advise us as to what future legal avenues are still open to them and what action they intend to take.

Apparently, the Solicitor has shared some of this with the Mayor and I am embarrassed to say, not with City Council. I believe it is his responsibility to give us that information and I believe it is our responsibility to become as knowledgeable as possible from that information. That is what Mr. Stone calls, 'the right to know,' and I subscribe to the right to know.

I want the Solicitor to be instructed to give us a written report as to how he intends

to remedy this situation. In order to put it on the record, it is necessary for me to get a formal reply, I put that in the form of a motion.

Which motion prevailed.

Mr. Kamyk moved

That this meeting of Council adjourn and that the next Legislation Session of Council be scheduled for Monday, July 30, 1973. at 2:00 o'clock, P. M. (D. S. T.)

And Council adjourned.

MOTIONS AND RESOLUTIONS

Miss Ballinger:

Mr. President, I have two or three things to speak about.

Last week, the Mayor had a statement in the newspaper that the people in Denver, Colorado were voting on mass rapid transit and asked why weren't the people of the City of Pittsburgh being given the same privilege. I have been fortunate enough to receive a copy of the Denver Post of Sunday August 25th, wherein they had a full page ad stating:

"On September 7th, we are asking you for two things in exchange for the most efficient Rapid Transit System ever proposed. We're asking you to pass a \$425,000.00 bond issue. And to raise the Sales Tax half a penny on the dollar. Half a penny. The Sales Tax is necessary to construct and operate the Rapid Transit System.

"If you've got a wife and a couple of children and an adjusted gross income of \$11,000, you'll pay \$21.83 a year through sales tax for Rapid Transit. It'll cost you less to fund rapid transit for an entire year than to run your car for one week.

"In a year we'll be able to take 100,000 more people to 100,000 more jobs. We'll take you to your job. And save everybody 240,000 gallons of gas a day because of Rapid Transit.

"You can't do much about the outrageous food prices. Or gasoline. But you can do something about getting around town faster, safer and cheaper; about cleaning up some of the air; about reducing the traffic that's choking our highways. And you can do it for half a penny. By voting Yes September 7th for Rapid Transit. Paid for by Transit for all. A volunteer citizens group for a better way to get around. For you."

Today, I received the information on this vote, taken on Friday, and I am happy to say, the people voted "Yes" for mass rapid transit. The vote was 57.2 and I feel if the people of the City of Denver were voting not only on mass transit but on a bond issue for \$425 million, and a half cent increase in wage tax, the Mayor was not fair in his statement to just say the people were voting on just mass transit, and to not mention they were voting on two other things besides.

I also found out this will cost them \$1.56 billion and \$1 billion they hope to get from the Federal government to subsidize this. I wanted to bring that to your attention and also, at the same time, bring to your attention that the

Allegheny Labor Council passed a resolution that we should go full speed ahead with mass rapid transit and I feel it is about time we should have rapid transit.

Mr. Mason:

Make sure each member of Council gets a copy of that newspaper article, please.

Miss Ballinger:

I will be glad to.

Now, I have another matter to bring up and I will read my statement so there will be no misunderstanding.

As most of you are aware, I have been in the process of conducting a survey among the citizens of Pittsburgh relative to their desire regarding the establishment of cable television in the City of Pittsburgh.

My questionnaires have been distributed widely in the City of Pittsburgh—in restaurants, hotels, union meetings, etc. Despite my best efforts to make sure there was citizen participation on the part of citizens of Pittsburgh, it was necessary and most desirable that I dispose of these questionnaires answered by citizens who do not live in the City of Pittsburgh.

As a result, my survey shows that an overwhelming number of Pittsburghers want cable television. In order to do this in a fashion that will give foundation to my facts and to examine the facts with others who have an interest in this, I am seeking the help of each of my colleagues to give me a list of names, no more than five, so that I may establish a Citizens Committee, and invite any interested citizen to serve on the committee to examine as thoroughly as we possibly can, the feasibility and practicability of proceeding forward and how best this can be done. It is obvious that after these deliberations are done, a public hearing will be necessary. I know I have to crawl before I can walk and I want to get all the expertise from a citizens' committee in order to develop recommendations which might be acceptable to this body. At the time these recommendations are prepared, they will be presented by me and at that time, we will ask to have a public hearing.

This suggestion I am making now places Council on notice as to what I am preparing to do.

Any Councilman who wishes to sit in

on any of these citizen meetings may feel free to do so. Ample notice will be given by memorandum as to the time and place.

Mr. Stone;

Mr. Chairman:

I recently learned that the Pennsylvania Department of Transportation shall close the Liberty Tunnels, for four (4) years, to complete renovation work.

At first hearing and impression, this might be welcomed news, but—a much closer look—might leave much to be desired.

The Liberty Tunnels are the "Gateway to the South." Reportedly, in excess of 50,000 vehicles, per day, travel through it. Allegedly, others would use it as their most direct route, but, because of the traffic problems, avoid its use.

For the next four (4) years . . . that mass of vehicular traffic must be reverted . . . upon "other alternate" routes, but . . . "other alternate" routes are limited in amount and availability, but, worse yet, those "other alternate" . . . routes are already overburdened.

In addition, the City's "Southflow" of traffic is and has been increasing with the years, and shall continue to do so.

Recently, one of our newspapers of general circulation, in an editorial, eluded to this—and rightfully so.

BUT, LET US TAKE EVEN A CLOSER LOOK! What will we have after four (4) years' delay . . . and after four (4) years of public inconvenience . . . perhaps beyond tolerance or expectation.

While true, that we shall have a new, clean, renovated set of tunnels, we shall still have thereafter, **A RENOVATED BOTTLENECK**—perhaps even a greater bottleneck, than exists today.

BUT . . . WILL THAT BE ALL? Or, will there be other problems even after the four (4) year period has ended.

For instance:

- 1) Will the tunnels, once renovated, still be rendered non-useable . . . because of later bridge repairs on the Northern side . . . where presently the County and State are engaged in a dispute over ownership and responsibility; or
- 2) Will the tunnels, once renovated, be rendered non-useable . . . because of later repairs or needs to other approaches, particularly the

approach on the Southern side; or

- 3) Will the tunnels, once renovated, be rendered non-useable . . . because of any other problems?

I believe that, after four (4) years, this City is entitled to more than a new, clean, and "renovated bottleneck"!

Four (4) years is an awful long time. I firmly believe, that in the interest of this City, that there be a renewed look and that there be participation from all levels of government.

- 1) Has a study been made to ascertain if another tunnel(s) were possible, necessary, or needed?
- 2) The Southern entrance to the Liberty Tunnels has been, and is a mess—there could and should be a more elaborate road network to offer free and uninterrupted access from the many directions which converge upon its Southern entrance. Sometime ago, there was even a discussion about a cloverleaf to alleviate that traffic problem there.

To avoid all of this, something must be done, and something must be done now—so that all programs, plans, work and all other matters involving all governmental agencies, on all levels of government, are co-ordinated now, so that they can all be jointly completed within the next four (4) years.

I THEREFORE MOVE that a letter be sent to representatives of the Pennsylvania Department of Transportation, the County of Allegheny, and the City Administration, inviting all of them to meet jointly, with this Council, and together and cooperatively, sit down, discuss, review and hopefully seek a better solution, . . . at least, lessening the problems, if we cannot hope for an ultimate avoidance of it; for I feel that even with full cooperation . . . we might still fall short of the full needs in that area.

Mr. Mason:

As I understand your motion, letter is to be sent inviting them all to participate in a meeting in order to co-ordinate and cooperate in any way possible to ease the problems which you have set forth so succinctly.

Are there any other motions and resolutions?

Mr. Michaels:

Mr. Chairman, with regard to Mr. Stone's recommendation and motion,

you recall at Executive Session this morning, we requested that the Planner for the City of Pittsburgh, Mr. Paternoster, be available to us on Wednesday morning with respect to other business matters. At that time, we would find out from Mr. Paternoster what involvement Traffic Planning has with the State with respect to this inconvenience.

Mr. Stone:

I am more disturbed that this is not the City, alone. I think it is about time the County became involved and about time we have more information as well I know there has been some question as to whom the bridges belong, whether State or County. We have to have all parties meeting now. As far as the different approaches, I do not think I have to explain to anyone active in this community that that spot has been a mess for years.

Mr. Michaels:

We ought to have accessible to us the City files on the matter and perhaps Mr. Paternoster could bring with him any files with respect to his conversations with PennDot or with the County with respect to that particular project.

Mr. Mason:

Is that agreeable to you, Mr. Stone?

Mr. Stone:

Agreed.

Mr. De Pasquale:

Mr. President, I wanted to say, I commend my colleagues, Miss Ballinger and Mr. Stone, in bringing up and discussing subjects long overdue, such as Cable Television, on which they must have done some thorough research, and as to the traffic bottleneck at the tunnels, Mr. Stone, thanks a million, and I hope the ball starts moving because driving conditions are deplorable there.

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President:

At last week's legislative session of City Council, I made certain remarks regarding the proposed renovation work to be done on the Liberty Tunnels of the City of Pittsburgh.

While the tunnel's need of rehabilitation has been long due, I fear that after four (4) years of delay, and inconvenience, we shall still have nothing more than a "RENOVATED BOTTLENECK."

Last week, I moved, and this Council unanimously agreed to call a meeting of the representatives of all departments of all levels of government, to meet jointly and cooperatively, to seek a better solution, or to lessen the problems.

Letters have already been sent and we were hopeful to have a meeting before the end of the month, or no later than the early part of October.

Today, I received a letter inviting me, as a City Councilman, to attend the "Ground Breaking" ceremonies, regarding the rehabilitation of the Liberty Tunnels, on Friday, September 21, 1973, at 11:00 o'clock A. M.

A ceremony to signal the start of great delay, inconvenience, and mass confusion is needlessly to say, unusual and unique, if not unheard of.

It will not be a welcomed ceremony for the residents of the South of the City of Pittsburgh, for:

a) They have had fifty (50) years of no substantial change;

b) They have had during the fifty (50) years:

1) Proposed new plans to improve, followed by plans, publicity, and promises; but . . . they have had no construction; and

2) Each new Secretary of Transportation has brought a cancellation of the previous plans; and

3) Each new Secretary of Transportation has created new and sometimes more grandiose plans for solution. But, . . . again, there has been no substantial construction.

The new work . . . will give a new and clean tunnels—and in fairness—this portion is necessary, BUT, without more, we will regrettably still be faced with a new, clean, and RENOVATED BOTTLENECK.

In addition, the impact of this work during renovation and possible subsequent problems, will not fall purely upon the users of the tunnels, but upon those other areas which carry so called alternate routes, and are already overburdened, who will be required to carry this additional burden.

This matter has greater ramifications than a first-glance impression would render.

Since the Pennsylvania Department of Transportation is moving ahead, I have asked the City Clerk to exert every effort, within the schedules of all parties, to set a meeting as quickly as possible, and to include in that invite, an appeal to the Governor to personally attend and stop this project until something more is done.

We owe it to the citizenry that something be done and that something be done NOW!

Mr. Caligiuri moved

That the Minutes of Council of Monday, September 10, 1973, be approved

Which motion prevailed.

And on motion of Mr. Caligiuri,

Council adjourned.

Mr. Lynch and Mr. Michaels not voting.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Michaels:

I am abstaining on Bill No. 2424 and I make the point, this is a bill dealing with the transfer of responsibility for demolition, design, construction, site improvement and planning services formerly done by the URA. The ordinance deals with the Department of City Planning doing this function. I find this a non-propitious time for the Planning Department to accept these additional responsibilities judging from the number of resignations and vacancies from the staff at the present time. From information given to us by the director at Committee meeting last week, it did not satisfy me that plans are being made to restaff to take care of these additional responsibilities.

Our Planning Department has been rather shortsighted in its planning and has not really dealt with long-range planning needs of this community. Now we find it accepting additional responsibilities when I feel it has not dealt with its original responsibilities and problems.

I do believe in the elimination of authorities as part of City government but I recognize City government, on the

other hand, has to be staffed. I don't think this Department is ready and I would like to voice my feeling in this matter by abstaining at this time.

President and Members of Council

Dear Gentlemen and Madam:

I am forwarding a Resolution for the confirmation of the appointment of Mr. George Charlton as a member of the Board of Commissioners of the Pittsburgh Housing Authority.

Very truly yours,

Enclosure

Which was read, received and filed.

Also

Bill No. 2531. RESOLVED, That the appointment by the Mayor of Mr. George Charlton of 1714 Lincoln Avenue, be and the same is hereby approved and confirmed as a member of the Board of Commissioners of the Pittsburgh Housing Authority for a term to expire September 8, 1975.

Which was read.

Mr. Michaels moved

To defer action on the resolution for two weeks.

Which motion prevailed.

Mr. Lynch

Since we established that rule, I believe in order to protect Council from giving appointments to people we don't know, and since we do know them pretty well, I wonder if that rule applies here.

Mr. Michaels

I would point out that while I am acquainted with Mrs. Brown only as she comes before Council, I would have to have knowledge as to her background in the field of recreation. We have had people knowledgeable in the fields of planning and recreation and knowledge-

able in the field of construction who have held this kind of job, recognizing all these fields would be involved within those facilities. I have no idea what Mrs. Brown's background is and I feel I am entitled to a resume.

Mr. Lynch

I defer to Mr. Michaels, and on that basis, I believe the appointments should be held.

Ms. Ballinger:

Mr. Chairman, I would like to make a report on my trip to Lancaster, Pa.

The fall meeting of Pennsylvania Cable T. V. was held September 19 to 21 at Lancaster, Pa. Pennsylvania pioneered in Cable T. V. and has the largest number of systems. There are 700 cable outlets in Pennsylvania surrounding Pittsburgh, such as Homestead, Bethel Park, Westview, Millvale, Braddock, Penn Hills, Mr. Lebanon, Altoona, New Castle, Monessen, Washington, and many others.

I learned whether it be a prairie village, mountain community or major metropolis, the mode of operation is similar. Highly sensitive electronic instruments are used to a place where reception is best. Professionally engineered antennas receive television signals from the air and pass them through an electronic control center.

Cable television is an optional service. Each set owner decides whether he wants to subscribe for this superior television reception, just as he chooses whether to have home delivery of his milk or newspaper.

Cable Television helps support local government, like any other businessman in the community. The Cable Television operation pays local, state and federal taxes. The employees, too, are taxpayers. The Cable Television systems contribution comprise a significant source of support for all levels of government that tends to lessen the subscriber's own tax burden. Cable Television helps local schools. Many communities would be deprived the advantage that can be eliminated or corrected through modern technology of Cable Television. Cable Television helps local economy, charitable and civic enterprises. In case of emergency, because of its unique performance and communications function, Cable Television systems can offer a helping hand in time of trouble, such as

floods, windstorms (as all of you know, such as we had this past Saturday night), fire, or other disasters.

I want to say at this point, they showed movies with regard to what is being done. Brother Richard Emenecher, Assistant Principal of South Hills Catholic High School, made a comprehensive presentation of the activity in the Pittsburgh area, described by the moderator as one of the most progressive in the State.

I learned that Cable is not a broadcast service, such as a television station, because it does not make use of the airways. It does not broadcast. It is not a common carrier service, such as a telephone company, because it is not of a public utility nature. Cable Television does not seek to evade copyrighted responsibilities as sometimes has been charged. I understand the Supreme Court has ruled that its function is similar to that of a conventional built-in, rabbit-ear or rooftop antenna. Cable television is, as yet, not paid television. Cable television could change the country's way of life. Washington willing, the United States could be transformed into what some call the "wired nation." Cable offers the most promising solution to a number of difficult problems facing our larger cities, especially Pittsburgh. The time is ripe for a breakthrough for our City. You cannot have second-class views: everyone is entitled to the diversity that Cable provides.

Much of the excitement of Cable Television stems not from where it has been

or where it is today, but from where it seems likely to go tomorrow, and I hope the City of Pittsburgh will avail itself of Cable Television in the near future.

Mr. Mason

Is that report for the record pending the meeting of the Citizens Committee, after which time you had said you would bring forth recommendations for City Council's consideration?

Miss Ballinger:

That is correct.

Mr. Calliguirri moved

MOTIONS AND RESOLUTIONS

Mr. Stone: Mr. President, may I at this time give a report, please?

The Chair: Certainly.

Mr. Stone: I would like at this time to report on the meeting that we held relative to the Liberty Tunnel renovation which was held in Council Chambers on September 28, 1973.

Present at that time representing the State was the Secretary of the Pennsylvania Department of Transportation, Mr. Jacob Kassob and Mr. Anthony Gaydos. For the City was Mr. Robert Paternoster and Director Hess. The County was represented by Steve Zapalla.

If you recall, this meeting was called in a cooperative and constructive spirit in an attempt to alleviate a very serious problem that exists in the southern portion of the City of Pittsburgh.

We handled this matter in what was labeled at that time, in three stages. First of all, what was to be done. Second of all, what could be done tentatively in the future and thirdly, what could be done to lessen the delay and inconvenience.

As a result of that meeting, I am happy to report at this time that originally it was announced that there would be a four (4) year delay to accomplish the renovation work. This was reduced to three (3) years and now it has been reduced to one year per tunnel or a total of two years. Also, I have been informed that there is a study on by the Pennsylvania Department of Transportation in hopes to see if the exhausts would work so that during the busy time, the rush hours in and the rush hours out, that the tunnel could be used in the opposite direction. Regretfully, however, as a part of this meeting I am not at all satisfied with the treatment of the portals, the entrances. Relative to the northern portal, I think there still ex-

ists a problem between the County and the State as to the jurisdiction and what, if anything, should be done about the Liberty Bridge. I am hopeful that if there is work to be done, that this work could be done during the delay period.

In addition, I am personally displeased with the fact that we have been told that, for many, many years the people in the southern portion of the City, there would be some major work done to alleviate the problem there. It has been indicated by the Secretary that there will be no cloverleaf. He doesn't see it in the foreseeable next 8 to 10 years. In spite of the fact that this is necessary, it is quite obvious that we are not alleviating the real problem. As has been indicated by the Secretary, they are placing great emphasis on the Streets Run Expressway and they have indicated that they hope to have that ready by the time the other project is completed. I notice that the City and the County are not totally informed on that.

Relative to the inconvenience problem during the delay, it was manifested at that meeting that the State would make every effort to give as much advanced publicity as possible indicating alternate routes so that that portion would be taken care of. I have since learned that the Mt. Washington Tunnel project is going to take roughly about 18 months. After it is completed, that should coincide somewhat with completion of one of the tunnels which would thereafter permit, which it does not permit now, and that is the use of bus transit, which will alleviate some of the load during the second portion of construction work on the second tunnel. Also, we have requested and seem to be getting some co-operation from the Port Authority as far as the increase in service during regular hours and perhaps to alleviate delay, by increasing the service during off hours. I am presently probing the possibility of some sort of rate reduction which might help alleviate the situation.

Coming in this morning, I am happy to learn that one of our local radio stations has begun what they have labeled "commuter computer." The object of that, I believe, is to provide a source for people who would like to become part of a motor pool or car pool, might write

there and they will give them names of people who live in that area. This I think, obviously, is to alleviate the heavy use of vehicles coming into the City of Pittsburgh. I understand now that there is 1.4 people in each vehicle coming into the City and obviously if they could have a car pool, this would help to alleviate the problem as well.

We have been informed by all of the parties who were represented there in a very cooperative fashion that additional progress reports will be given. I, personally, am gratified by the meeting because as it was called in a cooperative, constructive spirit, we got that kind of response. I would like to emphasize and I suggest that the kind of spirit we had on that day might be well followed in regards to our East Street project. After spending 29 million dollars and 13 years later, we don't have an idea that might be a possible solution. I would strongly urge all parties involved to follow the spirit of cooperation and constructiveness and if we likewise do that, we might alleviate the problems on the East Street project.

Thank you, Mr. President.

UNFINISHED BUSINESS

The Chair presented

Bill No. 2529. **RESOLVED**, That the appointment by the Mayor of Mrs. Louise R. Brown of LeGrande Apartments, 1411 Grandview Avenue, be and the same is hereby approved and confirmed as Director of the Department of Parks and Recreation.

Which was read.

Mr. Michaels

Mr. President, if you will excuse me I will remain seated and read a letter directed to Mayor Flaherty.

October 9, 1973.

Honorable Peter F. Flaherty
Mayor
City of Pittsburgh

Dear Sir:

I have reviewed the request for confirmation of appointment of Louise R. Brown as the Director of the Department of Parks and Recreation and am unable to sustain your recommendation.

A review of Ms. Brown's personal resume indicates no experience whatsoever which would indicate qualifica-

tions to sustain this appointment. The applicant has neither had:

- (a) Professional training
- (b) Practical experience
- (c) Special knowledge with respect to the creating of new, or maintaining present facilities
- (d) Recreation Program experience

Compare this appointment, for example with the high degree of qualification necessary at the city level to warrant a salary of \$22,500.00; for example: our Superintendent of Police, the Chief of the Bureau of Fire and the Director of the Department of Public Works. Needless to say you are well aware of the kind of demands we make upon these positions and trust we have the right to make the same demands upon our Director of the Department of Parks and Recreation.

My personal experience with Ms. Brown as an Assistant Executive Secretary working out of your office has been excellent. However, on the other hand, I would hope that the Director of the Department of Parks and Recreation be a person especially skilled in development of physical facilities—or someone particularly expert in creating recreational programs, and hopefully both attributes; along with management skills.

I would hope that you would reconsider your present recommendation.

Very truly yours,

Edgar W. Michaels,

Councilman

Mr. Michaels:

That's the gist of it, except I have a little more to say. In no way do I wish to imply that Mrs. Brown is not of the highest calibre. It is just my feeling, that under the present circumstances, where the Mayor works without a Director of Public Safety, where the Mayor in fact does not have a Director of Public Works, only a Deputy Director, and now to have an inexperienced person in this field, that the administrative offices of the Mayor continues to weaken. We are not bringing into City government people with proper experience and I think that is a real problem we face. I do not like to make a statement at this time that could be considered a character assassination. On the other hand, I point out the weakness in the director system and under these circumstances, I would ask Council

to defer any action on appointment to that office.

Miss Ballinger:

Could this be a political ploy nominating a woman to his cabinet. I'm not against a women, race or religion, or women holding jobs in this administration or any other branch of Federal, or State Government; in fact, I'm for it as only women know, see and do the most.

However, I feel seniority should be made a part of this administration for promotions, or we should advertise for someone who is experienced in the phase of Government that is to be employed. I can't believe that out of 1000 employees in the Parks and Recreations that someone isn't qualified or experienced. I can't believe people who have dedicated themselves to this City and who work faithfully so that a promotion may be in order don't deserve this consideration.

No wonder people working for the City of Pittsburgh are, after many years of dedicated service, not interested in performing to their utmost. Are the people of Pittsburgh and who are the taxpayers to assume that only those who belong to the Mayor's private intersanctum are entitled to promotions whether they have the expertise or not? Why, Ms. Brown hasn't fully captured the last position to which she was appointed and is now reappointed to another. If we are talking about saving the taxpayers money . . . shouldn't it start where taxes begin and that is in paying salaries to inexperienced to train them, then employ another inexperienced to train for the position the other person left.

Please members of Council, and I don't expect to be the victor in this cause, but how else can the taxpayers be informed of what is happening to this City if someone doesn't inform them? Should I vote yes because there is a woman involved, or should I have the courage of my own convictions. I have been approached and told don't forget November is just around the corner, but I believe in letting the chips fall where they may. Unfortunately, City Council can only approve or disapprove an appointment, so I'll cast my lot in an abstention and await my verdict in November.

Mr. Calliguri:

Although I respect the comments of my colleagues, Mr. Michaels and Miss Ballinger, and as Mr. Michaels stated, she had an excellent record in the Mayor's office and as Miss Ballinger stated, certainly women are capable of doing the work of men; we've found that out today.

However, in view of the background she has in Manpower for the last couple of years. I would move for affirmative recommendation for Mrs. Brown.

Mr. Lynch

I would also like to join with Mr. Calliguri and make the observation that Mrs. Brown has been in government for four years so there is not a lack of expertise. While true she may not have the necessary training, she is highly educated, very competent, in my experience with her in four years in Council. She has been completely coolheaded and able to answer all the most difficult administrative problems and they have been many, in the position of Manpower Director. She has taken the heat, in the Monday morning executive sessions, and I think she deserves this job as well as anybody else in City government does, and I am happy to second this appointment.

Mr. DaPasquale:

I fully realize the fears of Mr. Michaels and Miss Ballinger with regard to the lack of experience of Mrs. Brown but I am concerned with the extent of the new programs we have in the Department of Parks and Recreation and the complete mishmash we had this summer. Certainly experience with the FEP Program qualifies Mrs. Brown to work with these youths and I am completely sure she will do a good job. On that basis, I am willing to vote, "yes."

Mr. Stone:

I think the comment Councilwoman Ballinger has made, that it is time we go into our various departments to seek out people to fill these vacancies is a very valid point. I don't think it is specifically restricted here, but rather in other aspects of it, such as the transferring of people who are experienced and know a particular department, moving them over to another department and losing that expertise of that past experience in going to another department. In this instance, relative to Mrs. Brown, as far as qualifications, as I can see them, although I would per-

sonally like to have more than we now have, I think she exhibits the ability to take hold and be able to manage the department and my vote would be to give her an opportunity.

I think Miss Ballinger makes a valid point. If were not going to develop a particular department and elevate people, we lose the incentive to get merit promotions. I think it is time we had more of that in this city than bringing somebody in from another department. But I think it is time for a fair opportunity and I would cast my vote for Mrs. Brown.

Which was read.

Mr. Shields:

Mr. President, with regard to Bill 2329 which deals with the change of zoning of property out at Ivory Avenue and McKnight Road from R1 and R4 to RP, it is with great reluctance that I must now offer a motion to recommit because I find, after polling the Council members, that we do not have the required seven votes to pass this bill.

As most people know, I am strongly in favor of it and for that reason, I do not want to be defeated.

I would like, before the motion is considered, to just restate my reasons for having made an affirmative recommendation in Committee meeting. I think it needs to be considered very closely and the reason I did affirmatively recommend in Committee was because of the great need for housing in this City and among those people most neglected and most overlooked—the single persons who would be largely accommodated in this complex. Among others who have been overlooked and neglected have been people in moderate circumstances. The rich are able to take care of themselves. The poor have been receiving great help from the State and Federal governments. The moderate-income people have had little or no help.

Considering other things, that land is a premium in this City and the fact this is one of the few sites that would beneficially make it possible for a private company, entrepreneur person, to consider it worthwhile, profitably, to build, makes it attractive to me. There are very few such plots in this entire City.

Considering the fact employment is down, in spite of reports we hear from the Federal government, which I think are deficient in terms of money and the people we count. We don't count the people in the army, for instance, or people on Unemployment Compensation who are employed without reporting, or people on Social Security where Unemployment Compensation is not withheld but who are employed. For many reasons, I think these numbers are not representative of the true number of people unemployed in this City.

Generally speaking, employment is down. Contractors, a few of whom I represent, tell me it is terrible and they are going outside the City, seeking jobs, construction jobs, because they can't get them here.

Now, I know the reason some of us do not choose to vote for this bill is because there has been some community resistance to it, but I would like to point a finger to the persons and people opposed. These are people on the perimeters of the proposed project and just as I might be against a project across the street from me, and just as you might be opposed to a project on the edge of your land, or behind you, the thing

we must consider, and the thing we were elected to consider by all the people and not just one community, we have to consider the general good of the general community as well as the local communities. We must consider both.

Interpreting that in terms of objections and the nature of the objections I have received, to me they mean nothing because they have been based upon factors or subjects I think of no merit. They have talked about transportation and traffic, for instance. We all know that McKnight Road is well trafficked. We have reached the point, however, where we must consider what is the most important thing to do, traffic, of course, already being heavy. We are only talking about, however, the total traffic being involved on these streets and these highways, a very minimal amount which would reflect no substantial or observable difference in traffic they have today.

I think these objections are selfishly inspired and I don't fault them for that, but in terms of the general community, the over-all community, this project should go forward, not next week, after being delayed this week, and not two weeks from now, but today. I do not want to see it defeated. I think it is important to the City and I think it will prove to be important to the community and I very reluctantly move that it be recommitted to Committee for further consideration.

Mr. Stone

I would like to speak to the motion, if I may.

Mr. President, the City's population is decreasing and our City's record for new, residential development is poor. This motion, in which I join, is not to be interpreted as being opposed to new housing, but rather in favor of new, residential housing development. We must have new, residential housing development, and we must respect the rights and concerns of the local residents. Since our City is made up of old, established communities, we are always being faced with the problem of where the new meets the old.

It is with the hope that we will salvage something in this case that I join in this motion.

Recently, during a hearing on this same matter, we strongly urged the de-

veloper and the citizens to sit down cooperatively to see if they might not reach an amicable agreement, since the problem here merely seems to be numbers rather than the project itself.

It is my understanding they have not met and I feel they should be given the opportunity to meet during this time of reconsideration so that hopefully we might be able to obtain new, residential housing, especially since the parties were not hopelessly deadlocked. Since they undoubtedly will have other problems in the future which will also need to be solved, a spirit of cooperation or some vehicle of cooperation could now very well, in the end, speed up their mutual concerns and conclusions and very well be a sample to other, future development in other areas where, again, the new will meet the old.

There is no question, we need new residential development and it is essential to this City. I, therefore, join in this motion.

Mr. Shields:

Mr. President, may I say something. I believe, if we continue along the same line of thinking, then we should consider establishing a burial fund for the City of Pittsburgh, instead of zoning changes.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Shields
Mr. Kamyk	Mr. Stone
Mr. Lynch	Mr. Mason (Pres't)

Ayes 8 Noes none

(Miss Ballinger not voting)

And a majority of the votes of Council being in the affirmative, the bill was recommitted to the Committee on Planning and Redevelopment.

Ms. Ballinger:

I wanted to substantiate my abstention. I have lived in that community all my life, in the Evergreen Road area all my years, and am happy to know something about it. Over the weekend, I polled some people and I did not see the objections so terrible that this proj-

ect should be stymied at this time. I go along wholeheartedly with Councilman Shields and I feel we should have gone forward. However, there is nothing we can do now but wait, I hope, not too long. In checking housing on Friday, I found the housing list goes back to 1968, bearing names of singles and people who cannot afford to buy homes who are waiting for apartments.

I think, too, it is a shame this should exist in the City of Pittsburgh and I just wanted to substantiate my vote.

Mr. Michaels:

I am greatly impressed by the remarks made by my colleagues this afternoon and in speaking on behalf of the bill and speaking on behalf of the City, generally, I am sitting here trying to develop, where do we go from here and on whom might we place responsibility for such action. We, as legislators, try to react to what we believe to be the common good of certain communities.

There were certain remarks made before the Study Commission on Wednesday that I believe—that an informed public also makes for better informed officials. If I were to try to say what our problems are here, I would have to place a major responsibility with our Planning and Redevelopment Department. I mean, specifically, the Planning Commission and its staff. It would seem to me, rather than wait until such time as the developer decides what is the most economic and feasible plan he can develop for the property, there ought to be an ongoing evaluation of the communities by the Planning Department, along with its residents.

When we talk about something and give it a fancy name like Neighborhood Service Board, people are frightened that this may cause chaos or develop into some kind of quasi-governmental-development agency. Chaos is what it is today where the community rises up and comes before Council. There is a great injustice being done and Council has to react to that, considering the long range good. If, in fact, the Planning Department were working with neighborhood people to develop that which is the best possible development of that community, including all different kinds of housing, as there is need for in this City, then that would be an informed

population who, I say, would react quite differently when the matter came before this Council. An informed public at the grass roots level, we get better decisions out of this City Council.

Mr. DePasquale:

I don't want to go down in history as being opposed to progress in the City of Pittsburgh. Mr. Stone brought out, a while ago, in the public hearing, both parties agreed to meet to attempt some sort of compromise. According to residents of the area, there has been a reluctance on the part of the developer to meet with them. This is what I based my negative vote on, that the developer did not meet with the people. Nearby residents are ready and willing to meet. Perhaps in the next month or so, they can get together. That's why I feel the bill should have been recommitment and I would have voted "no" had it come up for final action.

Mr. Lynch:

I have to disagree with my associates. The fact is, at the public hearing, the developer did not agree to meet with members of that community. The developer outlined in some detail that he had several meetings with the community, had modified his program as far as was economically feasible and that he felt the company would not want to put it up at all if he couldn't make a profit, couldn't make it work. I think Council was adequately informed as to the developer's intention not to go further. On that basis, the Planning Commission submitted it to us for approval. I see no reason to recommit it but if that is the will of Council, so be it.

I just wanted to correct the record that the developer did not agree to negotiate further.

Mr. Caliguri:

Mr. President, everyone on Council has indicated there is a need for housing. What we have done today is place with Council the responsibility to determine what type of housing, for the developer and the community, and this shouldn't be done. Mr. Michaels just pointed out, this responsibility is with the Planning Department and I think it is time the Administration, along with Council of course, begin to develop the

type of project, the type of programs that can be given to its neighborhoods that are in keeping with the character of the neighborhoods, whether they are subsidized, City Administration facilities, or made possible through Federal grants. This can be done and hopefully, these are the types of projects we should concern ourselves with.

After all, they're fighting one another out there, while the Administration sits here and Council wonders who is going to win the fight. That shouldn't be. Let's try to get the funds to put in programs in keeping with the character of that neighborhood. Let's get Planning to come up with a project that will be acceptable to all parties.

Mr. Michaels:

I would review with Councilman Caliguri that which Councilman Shields tried to make very clear. We have a project here that requires no subsidies; that our thinking has not got to be with subsidies, but here is private enterprise. We have a right to protect all elements here in Council and that includes people who pay their own way and that is even the aim of those who need help, to get to something that lets them pay their own way.

We turned the project down, on Mt. Washington, for the same reason, that it didn't follow with the pattern of life there. What right do they have to someone's pattern of life? We need to provide for a viable city and the only way is to provide for people of all walks of life and all elements of our society.

Mr. Kamyk:

I agree with Mr. Shields, we need housing. But the question is, what kind of housing should we get. Should we get the mushrooms that keep the people out of the City and have them all move out into the suburbs where there is open space? Or should we build these high dwellings where number of families all reside at one time? I am for individual dwellings, especially in such neighborhoods where they have individual dwellings. I am interested in what the people in the neighborhood think because their homes are there and they are interested in their community.

I am happy this bill wasn't killed today but recommitment for further study

and scrutiny and I hope the developer or builder can get together with people in the neighborhood, get together so they can work together and plan together and get things done in a peaceful manner, rather than in an obnoxious one. I am happy this bill has been recommitted for further study.

Also,

Bill No. 2662. An Ordinance entitled, "An Ordinance authorizing the Mayor, the Director of the Department of Public Works, the Director of the Department of Parks and Recreation, the Director of the Department of Water, and the Director of the Department of Lands and Buildings, for and on behalf of the City of Pittsburgh, to enter into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh, for the Neighborhood Housing Program including the redevelopment of portions of Redevelopment Area Nos. 31, 32 and 42 — Crawford-Devilliers, Soho-Herron and Greater Crawford-Roberts, respectively, in the 3rd and 5th Wards of the City of Pittsburgh, providing for the vacation of certain streets, the relocation and reconstruction of sewers and water lines, the conveyance of all the City's right, title and interest in and to said vacated streets and other real property to the Urban Redevelopment Authority of Pittsburgh, the widening, grading and paving of certain streets and the Acceptance by the City of conveyance of certain real property and the making of payments by the City of Pittsburgh to the Urban Redevelopment Authority of Pittsburgh and setting forth the terms of the Agreement providing for the nondiscrimination in the use of public facilities and setting forth the terms of the contract."

PAT TO EXPAND TRANSIT SERVICES TO MEET LIBERTY TUBES TRAFFIC CRISIS

Pittsburgh, Pa.—The Port Authority has

completed preparation for expanded transit service for South Hills residents to meet the impending traffic crisis when the Liberty Tubes renovation begins.

"New and expanded services will be installed in mid-November prior to the start of the Liberty Tubes project," John T. Mauro, PAT Executive Director, announced. "We are anxious to do our share in easing the plight of South Hills commuters who will face detours for months."

Mr. Mauro cited these major element of the South Hills expanded transit program:

- New express bus and trolley service.
- Expanded parking facilities in outlying areas.
- Reduced fares through 10-trip tickets.
- "Four" new Red Flyer express routes will be installed in mid-November," the PAT Executive Director pointed out. "Ten express buses will be pressed into service featuring a quick-away from Downtown."

The four new express routes are:

- Bower Hill serving the Mt. Lebanon-Scott Township-Bridgeville area,
- Cedar Boulevard serving Mt. Lebanon-South Hills Village- Bridgeville area,
- Spencer-Willett serving the Brentwood-Baldwin Borough area.
- County Airport serving the West Mifflin-Clariton corridor, tied to a new parking lot.

The Bower Hill and Cedar Boulevard routes will furnish direct service from Gateway Center for the first time.

The additional trolley service includes a combination trolley-special bus for Brookline residents and a downtown short loop express run for Drake trolleys to Castle Shannon-Bethel Park-Upper St. Clair Township.

Passengers traveling outbound to Brookline will be able to take any trolley to the South Hills Junction. Then they will receive a free transfer to special buses that will travel up Pioneer Avenue, along Brookline Boulevard to East Brookline.

The bus connections will operate from the South Hills Junction at 4:00 P. M., 4:50, 5:10 and 5:30 P. M.

The shuttle combinations will thus by-pass congestion expected on Mt. Washington.

Drake trolleys will loop on Smithfield Street, go up Fourth Avenue to Grant Street, and run non-stop from down-

town directly to Park-N-Ride lot at Killarney Drive. Thereafter the trolleys will make additional stops at Linden Grove, Castle Shannon, Washington Junction and Drake Park-N-Ride lots and regular stops beyond Killarney Drive.

The Drake trolleys will leave Smithfield and Fourth Avenue at 4:25 P. M., 5:07 P. M. and 5:22 P. M.

Also from Smithfield and Fourth, PAT will provide trolley service on the Dormont-Mount Lebanon route via Beechview at 4:37 P. M., 4:53, 5:07, 5:22 and 5:40 P. M. Library express trolleys will leave the same location every 15 minutes during rush hours.

"Multi-zone commuters using the Park-N-Ride express trolley service," Mr. Mauro announced, "will be able to buy 10-trip reduced fare ticket books." This offers a 10% savings over the regular fare.

The PAT official outlined the additional Park-N-Ride facilities will be made available during the Liberty Tubes emergency as rapidly as negotiations for existing facilities are concluded with property owners.

—County Airport in West Mifflin—125 free parking spaces recently negotiated by PAT with the County Commissioners, to open November 18.

—South Hills Junction—improvements

of PAT's Upper Warrington Avenue parking lot.

—St. Joan of Arc Church in Library—now in negotiation for 100 parking spaces in the church lot.

"In addition to these expanded and new services," Mr. Mauro said, "We are ready to install any other extra bus and trolley service which may be required during reconstruction of the Liberty Tubes."

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President:

I have been reading, with dismay . . . news accounts of alleged charges of payroll padding, conflicts of interest, nepotism, associations with alleged organized crime figures, and general mismanagement, relative to the Housing Authority of the City of Pittsburgh.

Since this agency deals with the needs of our lower income and elderly citizens it is of especial concern and importance.

These charges are quite serious and cast a large shadow of doubt over the ability and competence of the former Executive Directors and the Housing Authority Members, who run the agency.

Some of these accusations, if true, could border on criminal culpability or neglect. Let me emphasize however, that, if these charges are unfounded, untrue or false, the parties involved should not be left to drown in a "sea of doubt."

I am amazed that even though the charges begin to mount . . . with each newspaper edition, the City Administration . . . has neither defended nor accused its appointees nor has it made public its knowledge of the events. This posture neither . . . satisfies loyalty to personal appointees nor . . . fulfills the charge of responsibility to the general public.

We public officials . . . cannot sit idly by, as these charges continue to mount. We must accept our charge of responsibility. We must act . . . and we must act now.

The seriousness of the accusations, requires all concerned, the City, the Mayor, and Council to do no less.

At least, we should provide a forum or fact finding commission where these charges could be investigated or rebutted.

These same newspaper accounts, report that a six (6) year period has passed without a final audit.

Needless to say, such a long period, without an audit . . . runs counter to sound fiscal practices.

While the appointment of the Executive Directors are made WITHOUT Council approval or consent, nevertheless the actions of the Executive Directors, the Housing Authority Members, and the Housing Authority are within our concern and responsibility.

One of the most important functions Council or any legislative body has, is the power and duty to oversee the executive

branch of government—under our traditional system of checks and balances.

Council would be derelict in its duty if, it did not exercise its obligation, to oversee, in this case.

While I have serious reservations about the present role and continued need of municipal authorities in Pittsburgh . . . I shall address myself to that problem at some future date.

Mr. President, I THEREFORE MOVE THAT this Council establish machinery for setting up a fact finding commission or other such forum, to probe the Pittsburgh Housing Authority's activities.

I would like to add, the method or form of machinery is not of prime importance but it is important that something be done and that we face up to our responsibilities. It is important that the machinery be a fact finding body rather than a prosecuting body, and it is important it not be a witch hunt. It is also important that we respect the civil rights of all parties involved but in the final end, that we will have performed our duty to the general public.

Ms. Ballinger:

Since I was the one who asked the Housing Authority for a report stating salaries and other matters pertinent to the Authority under the law of 1958 and enacted by the Government, I am pleased to second the motion of Mr. Stone and I want to remind Council what was said at that time by the head of the Housing Authority. He said, "I think the Housing Authority should be abolished. I think they have long outlived their usefulness and are becoming a monster."

I think we are now finding our 11 million is astronomical and a disgrace. Although this may be consistent throughout the country, however, it is unique here in the City of Pittsburgh. Thank you.

Mr. Lynch:

I would support Mr. Stone's motion; I think it is relevant.

Consistent with that, I point out that the Finance Committee, under the City Charter Act, is specifically charged with that duty.

No. 452. From and after the passage of this ordinance, the Finance Committee of Council shall be and are hereby empowered and authorized, whenever

and make an investigation of the accounts of any city officer for that purpose, are hereby empowered and authorized to make requisition on the Mayor for subpoenas and compulsory process for the purpose of compelling the attendance of witnesses, and the production of books and papers, and to examine under oath any witnesses, who may be produced before them in course of any such investigation.—Sec. 1, Ordinance of 1880, No. 87. "When any such investigation shall be ordered to be made, three members of said committee shall constitute a quorum, for conducting said investigation.—Sec. 2, Ordinance No. 87, ap. April 2, 1880, O. B. 4, Page 253."

That basically covers it and I will, on Wednesday morning, entertain a motion to hold an inquiry, under the Finance Committee, to look into the status of the Pittsburgh Housing Authority.

Consistent with this business, I believe it would be appropriate to hear from the City Solicitor who is here, present, to speak on this business before Council. I would ask his opinion as to the validity—

Mr. Stone:

Point of Order, Mr. President. May I suggest we separate these matters and don't get into the place where we are upsetting one thing with another. May we vote on whether we should probe the Housing Authority? Any allied matters, we can handle that on a separate motion. If we're not going to investigate or probe, we don't have to go into other stages.

Mr. Lynch:

Before we make the vote I think it is material to the matter that we hear from the Solicitor as to the relevancy of the Housing Authority and City Council.

Mr. Stone:

Let's find out first whether or not we are going to do it. I believe it is important that we do because it has been dragging on too long. I would suggest we go through with the motion to investigate.

Mr. Lynch:

There might be some question about

our authority unless you relate this investigation to the Finance Committee and the financial welfare of this City. However, if you want to have a vote, I have no objection.

Mr. Stone:

I move we get that motion through.

And the roll being called the ayes and noes were taken, agreeably to law, and were:

Ayes,

Miss Ballinger	Mr. Michaels
Mr. Caliguiri	Mr. Shields
Mr. DePasquale	Mr. Stone
Mr. Kamyk	Mr. Mason (Pres't)
Mr. Lynch	

Ayes 9

Noes none

And a majority of the votes of Council being in the affirmative, the motion of Mr. Stone for Council to set up machinery to investigate the Pittsburgh Housing Authority carried.

Mr. Caliguiri:

Mr. President, I voted "Aye" on Mr. Stone's motion and I think it is well taken, as he said, that the mechanics of it should come later.

I am prepared to introduce a resolution as to the mechanics and then we may want to get Solicitor Lynch up here to speak to the subject matter.

Therefore, I would like to introduce this resolution as to the mechanics of the investigation.

Mr. Caliguiri presented

Bill No. 2757. Resolved, that the Council of the City of Pittsburgh conduct an investigation of the alleged misuse and overexpenditure of funds by the Pittsburgh Housing Authority and that the President of Council is hereby directed to appoint a "Chief Investigator," who will direct said investigation and employ the appropriate staff with the approval of Council, and be it further

Resolved, that the expenditure of funds from City Council Code Account No. 1001-1 is hereby authorized to implement this investigation, and be it further

Resolved, that Council hereby direct's the Mayor's office and the Housing Authority of the City of Pittsburgh to make available any and all documents and records that the "Chief Investigator" may deem appropriate for the proper conduct of this investigation, and be it still further

Resolved, that during the course of this investigation Council may, at its own discretion, call public hearing and, if necessary, subpoena all records, documents and individuals related to said investigation.

Which was read.

Mr. Lynch:

Mr. President, the resolution has been introduced and in view of the fact it involves funds, I would like to make the motion this be referred to the Finance Committee because the scope of the investigation could very well lead into the kind of witch hunt Mr. Stone is trying to avoid. I move the resolution be referred to the Finance Committee.

Mr. Shields:

Mr. President, I think this whole matter of mechanics may have legal implications we're not abreast of and since we have the benefit of our City Solicitor here today, it might be well to hear from him before we move.

Mr. Lynch:

I would agree with that.

Solicitor Lynch:

I think it would be wise, before you make any definitive judgment as to the manner you are going to attempt to investigate the affairs of the Housing Authority, for Council not to make any definitive judgment as to the manner in which they would pursue an investigation of the Housing Authority until such time as I had a chance to review and give you an opinion as to the extent to which you can investigate the Housing Authority and the forum which that investigation might take.

I have not given this matter any thought and I think I could give you an answer very quickly but I definitely would not want to today.

Mr. Michaels:

I would inquire of the Solicitor, are you implying an investigation of the Authority, or an investigation of any matter which comes before Council, as does Authority legislation, requires definitive action from the Solicitor before we decided to go ahead? We're not prosecuting we're investigating. What do we have to wait for?

Solicitor Lynch:

I would assume, if you want to use subpoena powers, you would have to have authority in the Code to issue the subpoena and you would have to have authority in the Code to expend funds for that purpose.

Mr. Michaels:

Mr. President, I would point out, we already have the authority, and as Mr. Caliguiri said in his resolution, we have code accounts which permit and make monies available. Mr. Jack Lynch read from the Charter on the rights of investigation for Council and I object to the Solicitor taking these basic rights, clearly enunciated, away from us or inferring he might make administrative judgment.

Solicitor Lynch:

I don't think it advisable to debate the question today. As to a delay, I gave you my recommendation. As I recall a section Mr. Lynch read from, it deals with investigation of City employees. Under the current state of the law, the employees of the Housing Authority are employees of a state agency and not employees of the City of Pittsburgh. Whether or not the City of Pittsburgh contributes funds to the Authority is relevant to whether you can investigate or not. These are things I would like to look into. I would suggest, I see no need to debate the point. In my judgment, it would be wise to delay the decision.

Mr. Michaels:

For all these years, I have been listening to the Administration's involvement in the activities of this City Council. This is so typical of what I have been listening to for the last four years, I must speak out.

The Solicitor is not here to offer

constructive help to the investigation. Here is, once again, the Administration's unwillingness to allow Council to exercise what is, in its judgment, the responsibility of Council. I would hope the Solicitor would offer some help to us as to the method by which we can go about this investigation, rather than whether we need it at all. Anytime the Housing Authority has a project, they bring it before us for consideration. The Housing Authority in fact depends on the City of Pittsburgh. We know, everytime we extend a Housing Authority project tax relief, of course the City and County is involved. I cannot see why we can't have the investigation.

Mr. Lynch:

Mr. Michaels, I don't now whether you clearly understand. We moved to have the investigation without consulting the Solicitor. It was voted on unanimously and we are have the investigation. We are asking our attorney, under the law, as Solicitor. I moved that before establishing any procedure, we talk to our lawyer as to the best way to go about that. It seems to me to be a reasonable approach to take, to check with the man providing us with legal advice, before we adopt the procedure, in addition to which, before we can move this thing, it must go through the Committee and can't be passed today anyway. We made the decision to carry forth the investigation. We asked his opinion as to what method it should follow. I wish to articulate, we really ought to check with the person legally authorized to provide that kind of counsel.

Mr. Calligaris

It surprises me there is some thought this may not be in Council's purview to investigate, or at least question. We want to find out where these monies have gone in the Housing Authority, URA and the Parking Authority and all these other authorities, and the reason it amounts to so much more than our own budget. Are we going to approve all this legislation and then don't have the right to find out how these funds are being expended? We are merely trying to set up the machinery to look into this matter because for too long, Council hasn't taken that step.

Subpoena power should be used only if necessary and this has been brought up many times, that we should use those powers and I think it is time Council took this prerogative and initiative to do this type of thing.

It calls for an expenditure of funds because we cannot do it with our own staff and we must have outside expertise to do this. It is a normal piece of legislation and I will allow it to come before the Committee and hopefully have final action the following week. This legislation, this resolution will set that up and allow Council to do that type of investigation which we can and should be doing, especially on an Authority that spends millions of dollars, whether or not they are Federal funds, and the answer on that is it is still taxpayers funds, be it Urban Redevelopment Authority or whatever.

Solicitor Lynch will then tell us on Wednesday what legal rights we have and is going to advise me also as to the method. I don't see this method so usual. There has been \$50,000 in our budget for two years not utilized. I'm saying, let's utilize it and clear the air. Whether there is fault or not any fault, I want this investigation to clear the air. Let's get the cloud of doubt off government, and especially City government.

Ms. Ballinger:

I am wondering, could the remarks of Mr. Lynch be to cover up the fact the appointment to the Housing Authority happened to be the appointment of Mr. Flaherty?

Mr. Mason:

I think perhaps that remark was out of place here.

Mr. Michaels:

I think Ms. Ballinger is entitled to make her remarks without any comments from the Chair.

I would like to say, too, with respect to Mr. Lynch's remarks, the Solicitor is our lawyer. He has been before us many times. I would like to ask Mr. Ralph Lynch if he has discussed this matter with the Mayor or not?

Solicitor Lynch:

Discuss the matter of your resolution?

Mr. Michaels:

No. The charges made against the Housing Authority. Do you intend to discuss this with the Mayor?

Solicitor Lynch:

I would probably discuss with the Mayor the fact that Council had introduced a resolution involving investigation of the Housing Authority and that I had advised Council I would look into the legal powers of Council in terms of investigating the Housing Authority.

Mr. Michaels:

As a solicitor representing the City of Pittsburgh, do you have a need, with respect to City Authority, do you have to assume your role as Solicitor and discuss with both Council and the Mayor at your own exercise, or at our recommendation do you wait for us to do the asking?

Solicitor Lynch:

In this particular case, I think what I have said makes it self evident. I have not made a study about the Housing Authority or the legal powers of Council to investigate the affairs of the Housing Authority.

Mr. Michaels:

You will bring that information to us on Wednesday?

Solicitor Lynch:

Certainly.

Mr. Calliguri:

Let my resolution be a paper to come before Council on Wednesday.

Solicitor Lynch:

Mr. President, could I secure leave to respond to the remarks of Ms. Ballinger? I only want to point out, I think it is a little bit unfair to use my office as a foundation for a political attack upon the Mayor. I just happened to be sitting in my office this afternoon when I received the call from Mr. Mulvihill to come up, that perhaps Council would want some advice on a resolution that

had to do with investigation of the Housing Authority, and I have so appeared. I want it known, I don't agree to any of the things Mrs. Ballinger has said.

Mr. Mason:

Your appearance is appreciated.

Mr. Stone:

When I asked for this motion, I never dreamed we would get into the mechanics of it. I think this is tragic. It is important we move now. It is obvious we're going to have to seek some advice from our City Solicitor and I would hope the makers of the past two motions in the mechanics area will withdraw them and make this motion.

In view of the fact we need some legal input, that you, as President of Council, meet with the Solicitor and expedite a legal opinion as to which route we can take, then call Council together as fast as we can, so this thing can move without bandying around the way in which it can be done. We all agree, it has to be done. Let's get down to the work at hand and carry out the practicalities of it.

Mr. Kainyk:

Mr. President, Mr. Lynch made a motion to put the resolution in Committee to come up on Wednesday and I second that motion.

Mr. Stone:

I move we table the present motion until we have the input from the Solicitor and request the President of Council to then see he gives us an expeditious answer so we can find out what can and cannot be done. It should be a non-partisan, fact-finding committee so that no one is making a political issue out of it. This concerns the entire city and we ought to have the input of everyone in the City. It is the responsibility of us all and not just a portion of us.

Mr. Calliguri:

Mr. President, since this resolution will now be before us in Committee, I would like Solicitor Ralph Lynch on record as having this information before us on Wednesday.

Mr. Mason:

Is that satisfactory with you Mr. Lynch?

Solicitor Lynch:

I would expect I would have an answer on Wednesday. However, we have two cases in Supreme Court on Wednesday which I am handling. If the answer is obvious, we certainly will try to have the answer by Wednesday.

Mr. Michaels:

Since the matter would be of great importance for the community, I wonder if we might not invite the Mayor to join us at the meeting of Committee when this is discussed?

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger
Mr. Caliguiri

Mr. Lynch
Mr. Michaels

Mr. DePasquale Mr. Shields

Bill No. 2757. Resolved, that the Council of the City of Pittsburgh conduct an investigation of the alleged mis-

use and overexpenditures of funds by the Pittsburgh Housing Authority and that the President of Council is hereby directed to appoint a "Chief Investigator," who will direct said investigation and employ the appropriate staff with the approval of Council, and be it further Resolved, that the expenditure of funds from City Council Code Account No. 1001-1 is hereby authorized to implement this investigation, and be it further

Resolved, that Council hereby directs the Mayor's office and the Housing Authority of the City of Pittsburgh to make available any and all documents and records that the "Chief Investigator" may deem appropriate for the proper conduct of this investigation, and be it still further

Resolved, that during the course of this investigation Council may, at its own discretion, call a public hearing and, if necessary, subpoena all records, documents and individuals related to said investigation.

Mr. Lynch:

Which was read.

Mr. President, may I speak to the motion, with regard to Bill No. 2557.

It was my understanding we were supposed to have heard from the Solicitor as to procedures to follow to establish subpoena powers. The bill, as I read it, is somewhat repetitious in that we already voted last week to conduct an investigation. This bill, again, merely commits us to conduct an investigation. Council already has authority to issue subpoena, at Council discretion, so this is repetitious.

The employment of a Chief Investigator, as articulated in the Bill, as I understand this, the Chief Investigator would be employed for a limited period of time to investigate this particular question of the Housing Authority and we're not putting on a permanent Chief Investigator as a permanent addition to the staff of Council to investigate other areas of city matter. Am I correct?

Mr. Caliguri:

You're correct, on your last remark. This would not be a permanent position.

Mr. Lynch:

So how long would this be limited;

for what time period?

Mr. Shields:

Obviously, it is designed to cover the length of time needed to carry out the investigation of the problem.

Mr. Lynch:

I don't see how it is going to come in the Budget. Are we going to hire a consultant? Are we adding to Council's staff for the balance of the year? What would be the purpose and scope of this investigation? How long would it go on and what is it intended to discover?

My opinion is that if there are any irregularities in the Housing Authority, it should be brought to light and as a result of that opinion, I supported Mr. Stone's motion to conduct an investigation and I still maintain that it is appropriate. But I think what we need is an audit, not an Investigator. We need to hire a certified public accountant and his firm, one who is above reproach.

To employ an Investigator without saying for how long and what he shall investigate and to whom he shall report, and how much money he would be entitled to spend, and as to his right to staff his own investigating agency seems to be getting ahead of ourselves as a Council.

It was my understanding the City Solicitor would be here, present, to advise us what procedures we should follow in order to get into subpoenas. My experience in past efforts where we have taken action like this without the Solicitor's advice has been that the Solicitor comes back later and says we never asked him and if we had, he would have told us. I think it ought to be on record what subpoena powers we have, who we staff, and how to staff that person before we proceed.

I have no objection to investigating the Pittsburgh Housing Authority, but I do have objections to employing a Chief Investigator for those functions that ought to be Council's function.

We need, first of all, it seems to me, to determine the financial condition of the Pittsburgh Housing Authority at this time to determine what needs to be investigated. Otherwise, we're hiring the captain before we have built the ship.

Mr. Michaels:

Mr. President, I would point out, I agree with Mr. Lynch, but when I left

this problem, there had been extensive discussion after hearing from the Solicitor. If the Solicitor is not here at the present time, I suggest a five-minute recess until President of Council summons the Solicitor. That seems to be the first step in the process. The Solicitor is obligated to serve us during legislative session. He is fully aware at 2 o'clock this afternoon, this would be before us and I think it shows a dereliction on his part not to be here.

Mr. Calliguri:

You recall, there was a motion that the President of Council meet with the Solicitor to determine these questions and I believe that was done on Friday. I would ask that the President relate to City Council what the recommendations were.

Mr. Mason:

Yes, we did meet and it was recommended that we do have the power to investigate and the power to employ a Chief Investigator.

Mr. Michaels:

Well, if that's fact—

Mr. Mason:

Who asked for this meeting with the City Solicitor?

Mr. Lynch:

I thought it was a resolution from Council and the City Clerk was directed to take some action.

Mr. Michaels:

A check of the minutes might reveal what was done.

Mr. Lynch:

He is here now (the Solicitor).

Now, I would certainly think, before we proceed with an action like this, we ought to have supplied to us, as provided in the City Charter, the subpoena powers of Council. The Solicitor can provide us with subpoena procedures and information as to how we should proceed and I do not think we should take the position we're going to proceed without this information and then later have him tell us we never asked him.

Mr. Calliguri:

We know the subpoena powers and

this resolution has nothing to do with it. What we want of Ralph Lynch is whether we have the right to hire an Investigator and do we have the right to investigate, and on those points, I would like to hear from Solicitor Lynch.

Mr. Michaels:

I don't believe we're trying to place the Solicitor in an adversary role but he is our lawyer and he should be able to give us the steps necessary to where Council wants to get. Solicitor Lynch's statement, as to the scope of Council in this matter, was an informal statement and I think it is time to formalize that into a formal opinion relative to the resolution before us, Bill No. 2757.

Mr. Lynch:

I have some questions to put to the Solicitor for the record.

Solicitor Lynch:

It was my understanding that I was to meet with Mr. Mason to discuss the problems I have raised concerning this resolution. I had such a meeting and it was my advice that Council definitely had a right to investigate the Housing Authority with an end toward legislation. It was also my opinion that Council had power, without any interference from the Executive branch, to fill one of its code account slots or to hire on an hourly basis, and that seems to be satisfactory to Mr. Mason, and that is where we ended the discussion.

The question of the subpoena power was discussed and although, on its face, it seems to me it would appear to be little question about Council having the power to subpoena. I told Mr. Mason I did not like to make decisions without really an issue before me and since everybody had agreed to appear, why didn't we let the subpoena power question go until such time it became a real question. The statute states clearly, the provision of the Charter Act which gives you power to investigate, states specifically to investigate as a committee or Council as a whole, has a power to subpoena.

The question, and the majority of the states that have dealt with the question at the Appellate Court level, as to whether or not legislative bodies can have the power to subpoena, was answered, yes. And the Legislature gives power to subpoena, and that is valid; and

that has been in the court. It hasn't been in the court of Pennsylvania, but was raised in the lower court in 1924 and I haven't given it much thought. I told Mr. Mason, since it wasn't a problem, let it go.

Mr. Lynch:

Paragraph 3 of this resolution says, "Council hereby directs the Mayor's Office and the Housing Authority of the City of Pittsburgh to make available any and all documents and records that the "Chief Investigator" may deem appropriate for the proper conduct of this investigation, and be it . . ."

Now, my question deals with the request of Council to delegate to a Chief Investigator the right to subpoena records or look at records or demand the presentation of records.

Solicitor Lynch:

I don't think there is a question here because everybody has volunteered. Until such time as your Investigator feels a need to subpoena, it was my recommendation it might be better not to answer the question, and Mr. Mason seemed to agree with that at the meeting I had with him. I don't have the Statute in front of me but I would be surprised if the Statute would permit the Investigator to subpoena.

Mr. Calliguri:

It does not give it to the Investigator and Paragraph 4 points that out, as follows "that during the course of this investigation, Council may, at its own discretion, call a public hearing and, if necessary, subpoena all records, documents and individuals related to said investigation," and not the Chief Investigator.

Mr. Lynch:

What does the Chief Investigator get? What is the purpose of Paragraph 3?

Mr. Mason:

What do you mean, what does he get?

Mr. Lynch:

We are providing authority to the Investigator. I'm not clear as to what

authority. I don't know how or what we're going to pay him either.

Mr. Calliguri:

Those are the questions for which Council will sit down and work out the answers.

Mr. Lynch:

What is the purpose of Paragraph 3?

Mr. Calliguri:

Exactly what it states. The Chief Investigator tells the Housing Authority to make available certain information.

Mr. Lynch:

He will represent Council.

Mr. Calliguri:

That's correct. He will be hired by Council and he will do what Council directs him to do.

Mr. Lynch:

I see. Is that correct?

Solicitor Lynch:

I see no quarrel with that.

Mr. Calliguri:

Subpoenas may not be necessary and I hope that is the case.

Mr. Stone:

I think, as to the mechanics itself, this Investigator is to be under Council who is doing the probing. In order to move this thing, has the Solicitor finished?

Mr. President, originally, when I presented the motion which created the entire probing of the Housing Authority, I had hoped and anticipated, since this involved the entire City, that all parties, constructively, cooperatively and jointly would work together to set up some machinery by which to probe this matter. Regrettably, I do not see that possible now. Especially was this so since this matter is of such interest to the citizens of this City, and secondly, to protect the civil liberties of all parties involved here since we are probing and not prosecuting. Even though newspaper accounts alleging very serious charges were

regularly printed, it failed to generate any action from the City Administration or Housing Authority. Even though my motion to probe was unanimously approved by Council over eight days ago, we now learn there will be no action from the City Administration to this point. The Housing Authority, only then, began to call a meeting, not an urgent one, but a meeting for something like seven to 10 days hence and they have not yet held their meeting.

Some responsible arm of government must act and act now. Furthermore, we should not get bogged down by detail, but should move with dispatch, and I therefore join in and second this motion and move that the bill be voted upon for final and third reading and the vote then be held.

Mr. Lynch:

That may be very well, speaking of Council in conjunction with other branches of government. But apparently, there is some reluctance on the part of Council to join with the Mayor in this investigation on the theory the Mayor would be investigating himself. It is my opinion, as of now, we have so far received newspaper accounts that there are purported irregularities in the Housing Authority. The questions I have, what are the City's financial risks? I don't know whether the City has a serious risk or not. Secondly, my concern is, should we not wait to see an analysis of the present audit which took place so that we know in what direction to go. I don't see the same reason to separate ourselves from the Mayor's office when, in fact, he has the same responsibility as Council to investigate any irregularities, if there are any irregularities, in the Housing Authority.

Mr. Stone:

Mr. President, I agree with Mr. Lynch. I think they should have been the first party to investigate, and they didn't. That's why Council introduced the motion. I therefore move we end the debate and move the question.

Mr. DePasquale:

I saw a quote in the newspapers that the City may be liable for \$900,000. Would the Solicitor clarify that?

Solicitor Lynch:

I don't know anything about that, Mr. DePasquale. I'm sure, if there is some money missing—I didn't even read the article and I haven't reviewed it with Mr. Goggin or anyone from the Housing Authority.

Mr. Michaels:

Solicitor Lynch, is not the City the guarantor of debts of authorities established on behalf of the City through legislative action of the State Legislature?

Solicitor Lynch:

I would be surprised if there are any instances when the City has actually guaranteed a debt. The guarantee would then become the debt of the City and could only be incurred by filing the proper loss. I could tell more certainly with that research.

Mr. Michaels:

It seems to me, in your decision, you made a statement that Council has a right to investigate with an end to further legislation. Further legislation would be any act that comes before Council with consideration for any co-operation agreements entered by the City of Pittsburgh and the Housing Authority. If intended legislation is an ongoing relationship between the City of Pittsburgh and its own Housing Authority, I have to believe the involvement of Council is clear. I do believe debts incurred by the various authorities are guaranteed. You and I personally know of an instance of the Stadium Authority.

Solicitor Lynch:

That was not a guarantee with the Stadium Authority. That's a promise to pay from present revenues and again, I would be glad to discuss it with you if you want me too. I haven't looked into it as yet and I'm not going to give an opinion, certainly, that the City is liable.

Mr. Michaels:

That is your right but it seems to me, investigation with respect to legislation as our intent, and adding that into your statement—

Solicitor Lynch:

There are two sections in the Charter Act. One section, Council is given supervisory power over officers of the City and the power to investigate and subpoena for that purpose. That's not the section we're under because we're dealing with an authority under an appellate court decision as a separate agency of the state and not of the Mayor or Council.

The section which gives Council the power to investigate clearly is for legislative purposes and I think, certainly, since Council approves through the Housing Authority, and since there could be legislation involved and since Council interprets that broadly, I think Council has a right to investigate the Housing Authority.

Mr. Calliguri:

All these questions are being asked unnecessarily. We have the cooperation with the Authority and also with the Mayor's office and with that, I ask for the question on the motion.

Mr. Lynch:

These questions are debateable, it is proper, and still open for debate. I would first like to get an answer. Is it the City's responsibility, or not? Do you know?

Solicitor Lynch:

I haven't looked at it.

Mr. Lynch:

Will you look at it?

Solicitor Lynch:

Yes, I will.

Mr. Lynch:

I think if we are going to react to charges and have the potential risk of liability of the City, we ought to determine that from the City's attorney before we take action. I want you to render to Council that opinion. I think it is very important.

Mr. Stone:

That may be important, but not germane to this particular motion. The question is, will we hire or not and the liability factor, I think is not germane.

Mr. Lynch:

It is germane because the Solicitor's opinion was, Council has a right to investigate with legislative intent and I think that it is a qualification and I would like to determine that there is legislative intent. I am concerned that we clearly articulate that from the Law Department. I will now yield the floor and make another statement after Mr. Stone is finished.

Oh, yes, I have one more question on the motion and that is the motion authorizing the President of Council to appoint the Chief Investigator. Is that the customary method? In the past, we have had five members vote on any appointment. This time, we are allocating to Council President the authority that ought to go to Council as a body.

Mr. Calliguri:

The President of Council, with Council agreement, yes, I will make the amendment.

Mr. Lynch:

I will second that amendment.

Mr. Michaels:

With respect to legislative intent, I think there are many instances where we can indicate legislative intent. We will, when we prepare the annual budget, discuss the Housing Authority with respect to their exemption from paying taxes and take, in lieu, a service fee. This, in itself, gives us enough reasonable understanding to proceed with the investigation.

Mr. Lynch:

I take no issue on that. I want that clear. But in efforts of this type in the past four years, we have been told several months later, if we only had asked, we would have gotten the information. I don't think we should rush. I think the first thing to do is perform an audit; employ an outside auditing firm of impeccable reputation and above reproach.

Mr. Caliguiri:

I agree, and this can be part of the resolution.

Mr. Lynch:

I don't think we need an investigator. I think we need the audit.

Mr. Caliguiri:

It is merely indicated we need someone to head and direct the investigation and then that we employ an outside auditing firm and anyone else needed to conclude the impartial investigation.

Ms. Ballinger:

Can we use the word, "person," instead of "Investigator" and that may clear up the whole thing.

Mr. Lynch:

No, it wouldn't satisfy my objections.

Mr. DePasquale

The first paragraph says the Chief Investigator will appoint a staff to investigate. It is not the prerogative of the President to appoint a staff.

Mr. Caliguiri:

With the approval of City Council, Council will not lose its control over the Investigator or the Investigator's staff.

Mr. Lynch:

I have no further questions.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Michaels
Mr. Caliguiri	Mr. Shields
Mr. DePasquale	Mr. Stone
Mr. Kamyk	Mr. Mason (Pres't)

Ayes 8

Noes none

(Mr. Lynch not voting.)

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Mr. Lynch:

I would like to make one last comment. We understand that the Chief Investigator will not be added as a bureau of City Government.

Mr. Caliguiri:

Mr. Lynch, I don't know how many times I have to say it. That is correct. He will be retained and the staff retained for the investigation.

Mr. Lynch:

You could make it more emphatic by including that in the bill.

Mr. Stone:

MOTIONS AND RESOLUTIONS

Mr. Kamyk presented

Bill No. 2785. Whereas, although a peace agreement officially ended the armed conflict in Vietnam and that prisoners of war were returned to rejoining families, more than 1,300 Am-

erican servicemen in Southeast Asia are still unaccounted for; and

Whereas, almost one year has passed since the peace agreement and no information has come forth about the fate of these 1,300 men, 34 of whom are Pennsylvanians; and

Whereas, the families of these lost men joined together as the National League of Families of American Prisoners and Missing in Southeast Asia, to help their men and each other; and

Whereas, the National League of Families has chosen Thursday, November 15, 1973, as "RUN FOR FREEDOM DAY" throughout the United States; and the Western Pennsylvania Chapter of the National League will hold a symbolic "Run for Freedom" on Thursday, November 15, 1973, in Pittsburgh, Pa. A program with City and County officials will begin at 2:30 P. M., on the steps of the City-County Building. The "run" will start at 3:00 P. M. and proceed through the City. It will terminate at 4:00 P. M. in Point State Park. The citizens of Pittsburgh and Allegheny County are urged to keep faith with our MIA's and Unaccounted POW's and their families; and work together until all our men are accounted for.

Now, Therefore, be it

Resolved, That the Mayor and the Council of the City of Pittsburgh hereby proclaim Thursday, November 15, 1973, as "RUN FOR FREEDOM DAY."

Which was read.

Mr. Kamyk:

Mr. President and members of City Council, the Western Pennsylvania Chapter of the National League of Families of American Prisoners and Missing in Action in Southeast Asia request our participation in a nationwide, symbolic Run for Freedom to arouse interest in their Missing in Action program. A short program will take place at 2:30 P. M., with City and County officials present, on the steps of the City-County Building on Grant Street, and then a walk will start at 3 o'clock, November 15, 1973 from the City County Building, down Forbes, around Market Place, and ending at Point Park at 4 o'clock P. M.

To memorialize this occasion, I offer a resolution to proclaim Thursday, November 15, as a Run for Freedom Day and ask for its immediate adoption.

Ms. Ballinger:

I am happy to second this Resolution for adoption since a year ago, I introduced similar resolution for our boys who were missing in action or prisoners and unfortunately it was turned down with the excuse that it had no place in City Council. It therefore gives me great pleasure to have it introduced and adopted by City Council at this time because I believe we should do something to try to find them, giving them something more than just moral support. I don't know exactly what the procedure would be but I do hope something can be done to help

people find their missing loved ones. I therefore second the motion for adoption of this resolution.

Which motion prevailed.

Mr. DePasquale:

Mr. President, I notice we have some relatives of persons missing in action here with us today. I wonder if they would stand and be recognized.

Miss Ballinger moved

That the Minutes of Council of Monday, November 5, 1973, be approved.

Which motion prevailed.

And on motion by Mr. Stone,

Council Adjourned.

Section 1. This ordinance shall be known and may be cited as the "Parking Tax Ordinance."

Section 2. Definitions: As used in this Ordinance, unless the context indicates clearly a different meaning, the following words and phrases shall have the meanings set forth below:

(a) "City"—The City of Pittsburgh.

(b) "Patron"—Any natural person who drives a vehicle to, into or upon a non-residential parking place, as hereinafter defined, for the purpose of having such vehicle stored for any length of time. "Patron" shall also include any natural person who has a vehicle in his custody or control collected from him by another for the purpose of having it stored at a non-residential parking place.

(c) "Person" — Any natural person, partnership, unincorporated association or corporation, non-profit or otherwise. Whenever used in any provision prescribing a fine or a penalty, the word "Person" as applied to partnerships, shall mean the partners thereof, as applied to unincorporated associations, shall mean the members thereof, and as applied to corporations, shall mean the officers thereof.

(d) "Non-Residential Parking Place" "Parking Place"—Any place within the City, whether wholly or partially enclosed or open, at which motor vehicles are parked or stored for any period of time in return for a consideration not including (i) any parking area or garage to the extent that it is provided or leased to occupants of a residence on the same or other premises for use only in connection with, and as accessory to the occupancy of such residence, and (ii) any parking area or garage operated exclusively by an owner or lessee or a hotel, an apartment hotel, tourist court or trailer park, to the extent that the parking area or garage is provided to guests or tenants

of such hotel, tourist court or trailer park for no additional consideration. (e) "Month"—a calendar month.

(f) "Operator"—Any person conducting the operation of a parking place or receiving the consideration for the parking or storage of motor vehicles at such parking places, including, without limiting the generality of the above, any governmental body, governmental subdivision, municipal corporation, public authority, non-profit corporations or any person operating as an agent of one of the above.

The consideration shall not include the tax imposed and collected under this ordinance.

(i) "Treasurer"—The Treasurer of the City of Pittsburgh.

Section 3. Imposition of Tax: A tax for general revenue purposes is hereby imposed upon each parking transaction by a patron or a non-resident parking place, at the rate of 20 per centum (20%) on the consideration for each such transaction during the period of April 1, 1973 to December 31, 1973 and thereafter from year to year on a calendar year basis. No operator shall conduct such transactions without complying with all of the provisions of this ordinance and without collecting the tax im-

posed here and paying it over to the City.

Section 4. Annual License: No operator shall conduct the operation of a non-residential parking place without obtaining for each parking place an annual license, from the Director of the Department of Public Safety of the City of Pittsburgh as required by Ordinance No. 15, approved February 1, 1972, within the time specified. Any operator not possessing such license for each parking place for the year 1973 or any following year shall obtain such license within thirty (30) days after the effective date of this Ordinance, and any person who intends to begin conducting the operation of a non-residential parking place shall obtain such a license before beginning such operation. At each parking place, the operator shall display the license in a conspicuous location at all times. Such licenses shall not be transferable between one operator and another or between one parking place and another. Any operator who ceases to conduct the operation of a parking place shall notify the Treasurer and return the license applicable thereto.

Section 5. Records. Each operator shall maintain, separately with respect to each parking place, complete and accurate records of all transactions, of the total amount of consideration received from all transactions, and the total amount of tax collected on the basis of such consideration. Each operator shall issue to the person paying the consideration such written evidence of the transactions as the Treasurer may prescribe by regulations. Where consideration in a transaction is not separately stated, the operator shall maintain evidence and records necessary to segregate the consideration applicable to the transaction for the benefit of the patron and the Treasurer so that the proper amount of tax can be collected. Each operator shall afford the Treasurer and his designated employees and agents access to all such records and evidence at all reasonable times and shall provide verification of the same as the Treasurer may require.

The Treasurer and his agents are hereby authorized to examine the books, papers and records of any operator or probable operator in order to verify the accuracy of any return made, or, if no return has been made, to estimate the

tax due. Every such operator, or probable operator, is hereby directed and required to give to the Treasurer, or any agent designated by him, the means, facilities and opportunity for such examination and investigations as are hereby authorized.

Section 6. Return and Payments: Each operator, on forms prescribed by the Treasurer, shall file, by the 15th day of each month, returns for the preceding month showing the consideration received with respect to each parking place during the preceding month together with the amount of tax collected thereupon. At the time of filing the return, the operator shall pay to the Treasurer all tax due and collected for the period to which the return applies. Each operator shall collect the tax imposed by this ordinance and shall be liable to the City of Pittsburgh as agents thereof for the payment of the same to the City Treasurer.

Section 7. Treasurer's Powers and Duties: The Treasurer, on behalf of the City, shall receive and collect the taxes, interest, fines and penalties imposed by this ordinance, and shall have the power, in the event that any operator has, in the judgment of the Treasurer, failed to pay over the amount of tax due, to collect the tax directly from the patron and charge the cost of collection to the operator, and shall maintain records showing the amounts received and the dates such amounts were received. The Treasurer shall adopt and enforce regulations relating to any matter pertaining to the administration of this ordinance, but not limited to, requirements for evidence and records and forms for application, licenses and returns.

Section 8. Collection: The Treasurer shall collect, by suit or otherwise, all taxes, interests, costs, fines and penalties due under this ordinance and unpaid. If the operator neglects, refuses, or fails to file any report or make any payment as herein required, an additional 10 per centum (10%) of the amount of the tax shall be added by the Treasurer and collected as a penalty. All taxes due and unpaid, shall bear interest at the rate of 1% per month or fraction thereof from the date they are due and payable until such time as they are paid.

Section 9. Violation: Without limiting

the power of the City to prosecute any person violating any provision of this ordinance under the penal code of the Commonwealth, any person who violates any provision of this ordinance or any regulation adopted pursuant to it shall, upon conviction thereof before any alderman or magistrate, be liable for a fine or not more than three hundred dollars (\$300.00), or, in default of payment of such fine, shall be imprisoned in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days. Each day's violation shall constitute a separate offense.

Section 10. The collection and transmittal of taxes imposed under this Ordinance shall exclude the operator from all of the provisions of Ordinance No. 704 of 1969.

Section 11. If a final decision of a court of competent jurisdiction holds any provision of this ordinance, or the application of any provision to any circumstances, to be illegal or unconstitutional, the other provisions of this ordinance, or the application of such provision to other circumstances, shall remain in full force and effect. The intention of Council is that the provisions of this ordinance shall be severable and that this ordinance would have been adopted if any such illegal or unconstitutional provisions had not been included.

Dear Councilman Lynch:

Confirming my testimony to Council on Tuesday, February 13, 1973, it would be my intent to retain the firm of Litman, Litman, Harris & Specter to render an approving legal opinion to the purchasers of the proposed Fourteen Million Dollar Issue of General Obligation Bonds of 1973, Series A.

It is my considered opinion that said firm is eminently qualified to perform this important function.

(1) Flat Rate Assessments

- (a) Where the premises are completely vacant and the entire supply of water is shut off at the curb box, upon filing by the owner of a notarized vacancy affidavit in the Office of the Department of Water, exonerations of 90% will be issued for the period during which the entire premises are vacant and the water shut off, provided that the period during which the entire premises are vacant and the water shut off, provided that the period during which the water is shut off must be greater than 60 consecutive days.
- (b) For changes in water uses, where fixtures are removed and water uses discontinued, exonerations will be issued covering the discontinued use from the date of approval of the contract covering the revised water uses. In case any owner of any premises shall cause or allow water to be used for any premises or in any fixtures for which there is no approved water contract on file, the rate shall be as specified in Section 2 hereof and shall date from the preceding January 1, and the water for

the entire premises shall be shut off until an approved contract for such additional water uses or fixtures has been signed and placed on file in the office of the Department of Water. All fixtures on any premises, whether used or not, will be assessed as long as they remain in position.

(2) **METERS**

No exoneration need be granted in respect to premises in which water used is measured by a meter inasmuch as no water use will register during the period of the vacancy and only the minimum rate will apply. However, should the period of vacancy extend through more than one meter-reading period and no remote reader is available, the property owner shall notify the Water Department by means of a signed affidavit requesting that no estimated bill be rendered for that period.

(3) **EXCEPTIONS**

Where premises acquired by the Commonwealth of Pennsylvania, the School District of Pittsburgh, the Urban Redevelopment Authority of Pittsburgh or other governmental agency for highway, school or other public redevelopment purposes are completely vacant; and notice thereof has been given to the Department of Water and the City Treasurer; and the entire supply of water is shut off and the meter removed, exonerations of 100% shall be made in the case of any building which the aforesaid governmental bodies or agencies certify to be vacant and scheduled for demolition. No exoneration shall be granted for any water charges incurred prior to the notice and certification above described.

SECTION 3. No obligation shall be incurred by any department of the City government other than for salaries or wages, or for necessary expenses of employees when engaged upon City business, except through the issue of an order, stating the service to be rendered, work performed or supplies, materials or equipment to be furnished together with the estimated cost of the same.

The Director of the Department of Supplies is hereby authorized and directed to provide upon requisition by the head of any department all necessary supplies, materials, equipment and machinery for such department; provided, however, that no requisition of any department shall be filled by the Director of the Department of Supplies in excess of the unencumbered balance of the appropriation properly chargeable, and that no order shall be issued by the Director of the Department of Supplies, or by the head of any other department of the City government, until it has been approved by the City Controller.
